Amendment 004 is raised to:

1) Address questions 016-019 from Industry.

Question #016: Can you confirm that all these SATCOM systems are destined for the RCN?

Answer #016: Yes, all of these systems are intended for use aboard RCN ships.

Question #017: In which platforms/sites/Units are these SATCOM systems to be installed and how many per?

Answer #017: Various ships of the RCN and one system per ship.

Question #018: Given your answer to Q2 above, does the Crown expect a single SATCOM system solution for all platforms/sites/Units?

Answer #018: Yes, a single system with a single antenna on each platform.

Question #019: As part of this RFP&A, does the Crown expect a response to include ILS and ISS pricing?

Answer #019: It is not mandatory, but companies may include it as additional information.

Question #020: The RFP&A states, "The system shall be capable of providing a sustained data rate of at least 1.5 Kbps". Please confirm it's 1.5Kbps and not 1.5Mbps?

Answer #020: Yes, the minimum data rate is 1.5 Kbps.

All other terms and conditions remain unchanged.
