2. Summary

2.1 Requirement

To establish National Master Standing Offers (NMSO's) for the supply of Hand Tools, including those Federal Stock Classes 5110, 5120, 5130, 5133, 5136, and 5140, on a "as-and-when requested" basis, as described in Annex "A" Hand Tools List.

It is anticipated that more than one NMSO will be issued containing the same or similar items. Identified Users are required to contact the Standing Offer holders and select the greatest discount satisfying the requirement.

The Identified Users authorized to make call-ups against the Standing Offer include any government department, agency or Crown Corporation listed in Schedules I, I.1, II, III, IV and V of the Financial Administration Act, R.S.C. 1985, c. F-11.

The period for making call-ups against the Standing Offer is from 01 May 2012 to 30 April 2013, plus one (1) option year.

Trade Agreements: This procurement is set aside from the international trade agreements under the provision each has for set-asides for small and minority businesses.

Further to Article 1802 of the Agreement on Internal Trade (AIT), AIT does not apply to this procurement.

3. Debriefings

After issuance of a standing offer, Offerors may request a debriefing on the results of the request for standing offers process. Offerors should make the request to the Standing Offer Authority within 15 working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

4. Key Terms

Manufacturer's Suggested Retail Price (MSRP)

For purposes of this Standing Offer, Manufacturer's Suggested Retail Price (MSRP) is defined as any common price list provided by the manufacturers listed in Annex "A" Hand Tools List directly, whether it be published or unpublished, it is the price suggested by the manufacturer for small quantity sales directly to the consumer. For this Standing Offer all Offerors must provide the same identical MSRP as created by the manufacturer.

PART 2 - OFFEROR INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Standing Offers (RFSO) by number, date and title are set out in the Standard Acquisition Clauses and Conditions (<http://ccua-sacc.tpsgc-pwgsc.gc.ca/pub/acho-eng.jsp>) Manual issued by Public Works and Government Services Canada.

Offerors who submit an offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

2006 (2011-05-16) Standard Instructions - Request for Standing Offers - Goods or Services competitive requirements are incorporated by reference into and form part of the RFSO.

Subsection 5.4 of 2006 (2011-05-16), Standard Instructions - Request for Standing Offers - Goods or Services, is amended as follows:

Delete: sixty (60) days

Insert: ninety (90) days

2. Submission of Offers

Offers must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the Request for Standing Offers.

3. Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than seven (7) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by Offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that Offerors do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all Offerors. Enquiries not submitted in a form that can be distributed to all Offerors may not be answered by Canada.

4. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Offerors.

5. Green Procurement

Canada is committed to greening its supply chain. In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to acquire products and services that have a lower impact on the environment than those traditionally acquired.

Environmentally preferable goods and services are those that have a lesser or reduced impact on the environment over the life cycle of the good or service, when compared with competing goods or services serving the same purpose. Environmental performance considerations include, among other things: the reduction of greenhouse gas emissions and air contaminants; improved energy and water efficiency; reduced waste and support reuse and recycling; the use of renewable resources; reduced hazardous waste; and reduced toxic and hazardous substances.

If Offerors offer environmentally preferable products in their catalogue, such products should be easily identified with a logo.

6. Set-aside for Aboriginal Business

6.1 This procurement is set aside under the federal government's Procurement Strategy for Aboriginal Business, as detailed in Annex 9.4 Requirements for the Set-aside Program for Aboriginal Business, of the Supply Manual.

6.1.1 This procurement is set aside for Aboriginal business under the federal government's Set-aside Program for Aboriginal Business. Offerors must complete and sign the certification entitled "Certification Requirements for the Set-aside Program for Aboriginal Business" attached as Annex "F".

6.1.2. By executing the certification, the Offerer warrants that it is an Aboriginal business as defined in the Set-aside Program for Aboriginal Business.

 - (b) states that the substitute product is fully interchangeable with the item specified;
 - (c) provides complete specifications and descriptive literature for each substitute product;

Section III: Financial Offer

Offerors must complete and submit their financial offer in accordance with the Annex "B" - Firm Percentage Discount.

2. SACC Clause

3. Payment by Credit Card

The Offeror is requested to complete one of the following:

- (a) () Government of Canada Acquisition Cards (credit cards) will be accepted for payment of call-ups against the standing offer.

The following credit card(s) are accepted:

Section IV: Certifications Requirements

Offerors must submit the certifications required under Part 5 - Certifications

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

Offers will be assessed in accordance with the entire requirement of the RFSO including the technical and financial evaluation criteria.

An evaluation team composed of representatives of Canada will evaluate the offers.

1.1. Technical Evaluation

1.1.1 Mandatory Technical Criteria

1.1.1.1 Offerors must complete and submit with their offer Annex "A" Hand Tools List. Offerors must, at a minimum, offer the following:

- i) Three (3) of the Hand Tool Classes 5110, 5120, 5130, 5133, 5136, and 5140 identified in Annex "A" Hand Tools List;
- ii) 75% of the Item Descriptions within each of the Hand Tool Classes identified in Annex "A" Hand Tools List.
- iii) 50% of the Manufacturers within each of the Hand Tool Classes identified in Annex "A" Hand Tools List.

1.1.1.2 Offerors offering Equivalent Products must list them in Annex "A" Hand Tools List per item in the "other" section. In the event there is not enough room in Annex "A" Hand Tools List to list all Equivalent Products, the Offeror must list them in the same fashion as Annex "A" Hand Tools List in a separate document. The list of Equivalent Products either in Annex "A" Hand Tools List or in a separate document must be submitted with the offer and comply with the requirements in Part 3 Offer Preparation Instructions.

1.1.1.3 Offerors must submit with their offer the name and current contact information of the Manufacturer Contact Person for each manufacturer they identified in Annex "A" Hand Tools List. It is the Offerors' responsibility to obtain the cooperation of the manufacturer, to agree to, and select only one (1) Manufacturer Contact Person to represent the manufacturer's products for this

NMSO. The Manufacturer Contact Person must be the highest ranking authorized representative available.

Canada reserves the right to verify the accuracy of the contact information provided for the Manufacturer Contact Person at any time during the Standing Offer period.

- 1.1.1.4 Offerors must submit with their offer a completed Manufacturers Authorization Letter as per Annex "E" for each manufacturer identified in Annex "A" Hand Tools List. Facsimile versions will not be accepted.

The Manufacturers Authorization Letter template found at Annex "E" must not be modified and must be used in its entirety.

- 1.1.1.5 Offerors must submit with their offer the most recent Common Manufacturer's Suggested Retail Price (MSRP) list in Canadian dollars only.

1.2 Financial Evaluation

- 1.2.1** Offerors must complete and submit with their offer Annex "B" Firm Percentage Discount.

Offerors must complete and submit with their offer, in the same fashion as Annex "B", a Firm Percentage Discount for the Equivalent Products being offered.

Only percentage discounts for manufacturers that have been validated by providing the Standing Offer Authority with a rightfully signed Manufacturer Authorization Letter will be considered.

2. Basis of Selection

- 2.1 To be considered responsive, an offer must meet all the mandatory requirements. Failure to comply with mandatory criteria will render your proposal non-responsive.
- 2.2 The Offerors with the three highest Firm Percentage Discounts per item description will be issued a Standing Offer.
- 2.3 In the event of identical Firm Percentage Discounts offered, the rank assigned to

each will be identical for that Manufacturer by product item description.

Sample Offer Evaluation:

To illustrate the ranking and selection process:

Offeror	<u>Mfgr.</u>	<u>Item Description</u>	<u>MSRP</u>	<u>Discount</u>	<u>Rank</u>

Bravo.	Daloz	Hammer	MSRP	45%	2
Charlie	Daloz	Hammer	MSRP	+10%	N/R
Delta	Daloz	Hammer	MSRP	65%	N/R
Echo .	Daloz	Hammer	MSRP	50%	1
Foxtrot	Daloz	Hammer	MSRP	40%	3
Golf	Daloz	Hammer	MSRP	35%	4

*N/R = Non Responsive

Offerors Selected:

Alpha	Daloz	Hammer	Mfgr.Sugg.Retail Price	50%	1
Echo.	Daloz	Hammer	MSRP	50%	1
Bravo.	Daloz	Hammer	MSRP	45%	2

After assessment of responsiveness to the mandatory criteria, two offers were declared non-responsive. The remaining five valid offers were subsequently considered and ranked. Only those offers ranked #1, #2 or #3 will be issued a Standing Offer.

PART 5 - CERTIFICATIONS

Offerors must provide the required certifications to be issued a standing offer. Canada will declare an offer non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications Offerors provide to Canada is subject to verification by Canada during the offer evaluation period (before issuance of a standing offer) and after issuance of a standing offer. The Standing Offer Authority will have the right to ask for additional information to verify Offerors' compliance with the certifications before issuance of a standing offer. The offer will be declared non-responsive if any certification made by the Offeror is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Standing Offer Authority for additional information will also render the offer non-responsive.

1. Certifications Precedent to Issuance of a Standing Offer

The certifications listed below should be completed and submitted with the offer, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the Standing Offer Authority and meet the requirements within that time period will render the offer non-responsive.

1.1 Federal Contractors Program for Employment Equity - Certification

Federal Contractors Program - \$200,000 or more

1. The Federal Contractors Program (FCP) requires that some suppliers, including a supplier who is a member of a joint venture, bidding for federal government contracts, valued at \$200,000 or more (including all applicable taxes), make a formal commitment to implement employment equity. This is a condition precedent to the issuance of a standing offer. If the Offeror, or, if the Offeror is a joint venture and if any member of the joint venture, is subject to the FCP, evidence of its commitment must be provided before the issuance of a standing offer.

Suppliers who have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive government contracts over the threshold for solicitation of bids as set out in the Government Contracts Regulations. Suppliers may be declared ineligible contractors either as a result of a finding of non-compliance by HRSDC, or following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees.

Any offers from ineligible contractors, including an offer from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

2. If the Offeror does not fall within the exceptions enumerated in 3.(a) or (b) below, or does not have a valid certificate number confirming its adherence to the FCP, the Offeror must fax (819-953-8768) a copy of the signed form LAB 1168, Certificate of Commitment to Implement Employment Equity, to the Labour Branch of HRSDC.

(b) () is not subject to the FCP, being a regulated employer under the Employment Equity Act, S.C. 1995, c. 44;

(c) () is subject to the requirements of the FCP, having a workforce of 100 or more full-time or part-time permanent employees, and/or temporary employees having worked 12 weeks or more in Canada, but has not previously obtained a certificate number from HRSDC (having not bid on requirements of \$200,000 or more), in which case a duly signed certificate of commitment is attached;

(d) () is subject to FCP, and has a valid certificate number as follows: _____ (e.g. has not been declared an ineligible contractor by HRSDC).

Further information on the FCP is available on the HRSDC Web site.

All such records and documentation must at all times during the retention period be open to audit by the representatives of Canada, who may make copies and take extracts. The Contractor must provide all reasonably required facilities for any audits.
- 3.3 Nothing in this clause must be interpreted as limiting the rights and remedies which Canada may otherwise have pursuant to the Contract.

- (ii) agrees that any subcontractor it engages under any resulting contract must satisfy the requirements described in the above-mentioned annex; and

PSAB CERTIFICATION FORM

**GOVERNMENT SUPPORT FOR ABORIGINAL ECONOMIC DEVELOPMENT
THROUGH FEDERAL PROCUREMENT**

**REQUIREMENTS FOR THE SET-ASIDE PROGRAM
FOR ABORIGINAL BUSINESS**

Who is eligible?

An Aboriginal business, which can be:

- a band as defined by the Indian Act
- a sole proprietorship
- a limited company
- a co-operative
- a partnership
- a not-for-profit organization

in which Aboriginal persons have at least 51 percent ownership and control,

OR

A joint venture consisting of two or more Aboriginal businesses or an Aboriginal business and a non-Aboriginal business(es), provided that the Aboriginal business(es) has at least 51 percent ownership and control of the joint venture.

When an Aboriginal business has six or more full-time employees at the date of submitting the bid, at least thirty-three percent of them must be Aboriginal persons, and this ratio must be maintained throughout the duration of the contract.

The bidder must certify in its submitted bid that it is an Aboriginal business or a joint venture constituted as described above.

Are there any other requirements attached to bidders in the Set-Aside Program for Aboriginal Business? - Yes, three:

In respect of a contract, (goods, service or construction), on which a bidder is making a proposal which involves subcontracting, the bidder must certify in its bid that at least thirty-three percent of the value of the work performed under the contract will be performed by an Aboriginal business. Value of the work performed is considered to be the total value of the contract less any materials directly purchased by the contractor for the performance of the contract. Therefore, the bidder must notify and, where applicable, bind the subcontractor in writing with respect to the requirements that the Aboriginal Set-Aside Program (the Program) may impose on the subcontractor or subcontractors.

The bidder's contract with a subcontractor must also, where applicable, include a provision in which the subcontractor agrees to provide the bidder with information, substantiating its compliance with the Program, and authorize the bidder to have an audit performed by Canada to examine the subcontractor's records to verify the information provided. Failure by the bidder to exact or enforce such a provision will be deemed to be a breach of contract and subject to the civil consequences referred to in this document.

As part of its bid, the bidder must complete the Certification of Requirements for the Set-Aside Program for Aboriginal Business (certification) stating that it:

- (i) meets the requirements for the Program and will continue to do so throughout the duration of the contract;
- (ii) will, upon request, provide evidence that it meets the eligibility criteria;
- (iii) is willing to be audited regarding the certification; and
- (iv) acknowledges that if it is found NOT to meet the eligibility criteria, the bidder shall be subject to one or more of the civil consequences set out in the certification and the contract.

How must the business prove that it meets the requirements?

It is not necessary to provide evidence of eligibility at the time the bid is submitted. However, the business should have evidence of eligibility ready in case it is audited.

The civil consequences of making an untrue statement in the bid documents, or of not complying with the requirements of the Program or failing to produce satisfactory evidence to Canada regarding the requirements of the Program, may include: forfeiture of the bid deposit; retention of the holdback; disqualification of the business from participating in future contracts under the program; and/or termination of the contract. In the event that the contract is terminated because of an untrue statement or non-compliance with the requirements of the Program, Canada may engage another contractor to complete the performance of the contract and any additional costs incurred by Canada shall, upon the request of Canada, be borne by the business.

What evidence may be required from the business?

Ownership and control

Evidence of ownership and control of an Aboriginal business or joint venture may include incorporation documents, shareholders' or members' register; partnership agreements; joint venture agreements; business name registration; banking arrangements; governance documents; minutes of meetings of Board of Directors and Management Committees; or other legal documents.

Ownership of an Aboriginal business refers to "beneficial ownership" i.e. who is the real owner of the business. Canada may consider a variety of factors to satisfy whether Aboriginal persons have true and effective control of an Aboriginal business. (See Appendix A for a list of the factors which may be considered by Canada.)

Employment and employees

Where an Aboriginal business has six or more full-time employees at the date of submitting the certification and is required by Canada to substantiate that at least thirty-three percent of the full-time employees are Aboriginal, the business must, upon request by Canada, immediately provide a completed Owner/Employee Certification form for each full-time employee who is Aboriginal.

Evidence as to whether an employee is or is not full-time and evidence as to the number of full-time employees may include payroll records, written offers for employment, and remittance and payroll information maintained for Revenue Canada purposes as well as information related to pension and other benefit plans.

A full-time employee, for the purpose of this program, is one who is on the payroll, is entitled to all benefits that other full-time employees of the business receive, such as pension plan, vacation pay and sick leave allowance, and works at least 30 hours a week. It is the number of full-time employees on the payroll of the business at the date of bid submission that determines the ratio of Aboriginal to total employees of the business for the purpose of establishing eligibility under the Program.

Owners who are Aboriginal and full-time employees who are Aboriginal must be ready to provide evidence in support of such status. The Owner/Employee Certification to be completed by each owner and full-time employee who is Aboriginal shall state that the person meets the eligibility criteria and that the information supplied is true and complete. This certification shall provide the person's consent to the verification of the information submitted.

Subcontracts

Evidence of the proportion of work done by subcontractors may include contracts between the contractor and subcontractors, invoices, and paid cheques.

Evidence that a subcontractor is an Aboriginal business (where this is required to meet the minimum Aboriginal content of the contract) is the same as evidence that a prime contractor is an Aboriginal business.

WHO IS AN ABORIGINAL PERSON FOR PURPOSES OF THE SET-ASIDE PROGRAM FOR ABORIGINAL BUSINESS?

An Aboriginal person is an Indian, Metis or Inuit who is ordinarily resident in Canada.

Evidence of being an Aboriginal person will consist of such proof as:

Indian registration in Canada

membership in an affiliate of the Metis National Council or the Congress of Aboriginal Peoples, or other recognized Aboriginal organizations in Canada

acceptance as an Aboriginal person by an established Aboriginal community in Canada

enrolment or entitlement to be enrolled pursuant to a comprehensive land claim agreement, or

membership or entitlement to membership in a group with an accepted comprehensive claim

Evidence of being resident in Canada includes a provincial or territorial driver's licence, a lease or other appropriate document.
