THIS SOLICITATION AMENDMENT IS ISSUED TO:

Extend to the solicitation closing date and publish Canada's Responses to Offerors' questions.

NOTE: Offerors' clarification questions are numerically sequenced upon arrival at PWGSC. A question and its answer will be provided via MERX in accordance with article 2.3 Enquiries - Bid Solicitation. Potential Bidders are hereby advised that questions and answers for this solicitation may be issued via MERX out of sequence.

Notice to offerors:

As per amendment 005, this amendment extends the solicitation closing date on the NPP and Page 1 of the Solicitation from April 3rd, 2012 at 14:00 (EDT) to April 11th, 2012 (EDT).

Offeror's Question 5	We would like to request an extension to closing date of the RFSO to April 3rd, 2010. The level of effort to review all of the 100's of technical requirements is significant and given that the RFSO was released on the first day of the Ontario March Break, many of the team members supporting the responses were already away on leave. With this extension, bidders will also be able to complete proper bid reviews, ensuring that Canada receives fully compliant bids.
Canada's Response to Question 5	See solicitation amendment number 005 published on March 27, 2012
Offeror's Question 12	Could RCMP please provide Bidders with a list of any and all changes made: 1- from the original RFSO to the draft RFSO released Feb 27? 2- From the draft RFSO released Feb 27 to the current RFSO?
Canada's Response to Question 12	See Canada's response to Question 6 published in solicitation amendment number 002 which was published March 16th 2012.
Offeror's Question 13	Reference - Close Date: Due to the changes resulting from industry consultation via RFI, and, since the initial release of the

	<p>RFSO, we have revised our product offerings which will take more time to properly comply and respond to the revised requirements than the 2 week bid response period allows. Further, additional time to respond is required in order to provide a quality response to the technical requirements and 33-page Financial Section.</p> <p>Will Canada grant a 2-week extension so that we may provide a response?</p>
Canada's Response to Question 13	See solicitation amendment number 005 published on March 27, 2012
Offeror's Question 16	<p>With the re-release of the RFSO and the subsequent changes, we are prepared to submit a proposal but require more time to properly respond to the technical requirements and the detailed Financial Section.</p> <p>Will the Crown grant a 2-week extension so that we may provide a competitive, compliant response?</p>
Canada's Response to Question 16	See solicitation amendment number 005 published on March 27, 2012
Offeror's Question 38	<p>We respectfully request that the Crown consider a 2-day extension to April 5, 2012, to allow for the remaining questions to be answered, reviewed and prepare the appropriate response. Depending on when the questions are answered it will take companies a few days at a minimum to ensure all amendments have been addressed in their response. The production timeline for this bid is aggressive, and we are still waiting on the OEM for much of the documentation as well as pricing.</p> <p>We feel this is a respectful amount of time to ask for given the short time frame of such a large, comprehensive RFP.</p>
Canada's Response to Question 38	See solicitation amendment number 005 published on March 27, 2012
Offeror's Question 39	Due to the time and resource constraints which many companies are dealing with during Government of Canada fiscal year end, we

	respectfully request that the Crown extend the closing date of the solicitation by 30 days
Canada's Response to Question 39	See solicitation amendment number 005 published on March 27, 2012
Offeror's Question 40	Our bid team was wondering if you have any update on when we can expect the posted answers to questions as per Doc 4 from solicitation M9010-091080/C? With bid date closing next week, we hope to have answers shortly or maybe another extension.
Canada's Response to Question 40	See solicitation amendment number 005 published on March 27, 2012

ALL OTHER TERMS AND CONDITIONS OF THIS SOLICITATION
REMAIN UNCHANGED.
