Title: Project Management Support for the Medical Countermeasures (MedCM) Consortium Initiative.

The purpose of amendment # 2 is:

A) Answer Questions 4 and 5.

1. Questions

4. Question - Sections 2.2 and 3.2 of the Mandatory Requirements section specify the need for experience pertaining to management of medical research and development. Do organizations such as Canadian Institute for Health Information (CIHI), eHealth Ontario and Ontario Telemedicine Network (OTN) qualify as medical research and development institutions?

Answer - The organization in which the experience was acquired is irrelevant, as long as the experience acquired is in clinical research & development. This must be clearly demonstrated in the bid.

5. Question - The bid specifies the need for four distinct positions: one Lead Senior Project Manager, two Senior Project Managers and one Junior Project Manager. Is it possible to submit an individual bid and be considered for one of the positions or are only bids which name four distinct individuals to fill all positions deemed responsive?

Answer - No, each proposal received must supply resources to fill all four positions.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
