Amendment number 002 to Request for Proposal (RFP) W8476-123677/A which closes June 18, 2012 at 2:00 p.m. is raised to:

1. The following question and answer, provided by the technical authority at Department of National Defence, is hereby incorporated into the solicitation:

Question: 1) At page **6 of 18** of the **Annex A** to Request for Proposal, point 3.2.2 "Deployability",

Point 3.2.2.5 – The DSWI shall be designed to facilitate setting up and dismantling by four (4) untrained personnel, guided by one (1) trained supervisor, in less than eight hours by using a 2268 kg capacity forklift without the use of special tools.

We typically require a crane and a forklift to assemble/set up and dismantle the incinerator. Will you have any other equipment at site for this, or only just the forklift?

Answer: A crane will be available. The intent is to use the crane for assembly only and not for container movement.

All other terms and conditions of the Request for Proposal remain unchanged.
