Question:

Ref: Project Manager requirement M5, "a minimum of 5 years' experience in applying policy, legislation and directives in the area of the Management of Recorded Information MoRI)."

The DND MoRI directive DAOD 6420-0 is no longer active, having been replaced by DAOD 6001-0 Information Management 2012-02-28. Both are specifically DND directives, but both are based upon Treasury Board policies and guidelines. If the requirement is limited to DND directives, it would unduly restrict competition in that it would be requiring a minimum of 5 years' experience specifically within DND.

Please confirm our understanding that experience with other federal government applications of Treasury Board policies and guidelines will be acceptable.

Answer:

Experience with other federal government applications of TB policy and guidelines will be acceptable, provided it is an application in the area of the management of recorded information.

Question:

For the A.6 Programmer/Software Developer Level 2 position; M2 States:

The Bidder must demonstrate that the proposed resource has a minimum of 2 years' experience as a Programmer/Software Developer in either:

a) A developmental or operational RDM environment.

OR

b) A developmental or operational Collaboration environment.

Would experience with Visual Source Safe (for sharing programming code with team members) be considered a collaborative tool?

Answer:

No, experience with Visual Source Safe would not be considered experience developing within an collaborative environment. Collaboration environments would include MS Sharepoint and OpenText Collaboration.
