THE FOLLOWING QUESTIONS WERE SUBMITTED AND THE ANSWERS ARE PROVIDED BY THE DEPARTMENT OF NATIONAL DEFENCE;

Question 3:

1. The TDP that was sent out includes drawings for replacement door assemblies as well as the other items. There are no door assemblies listed on the solicitation requirements. Are doors an additional requirement or just ignore the drawings?
2. Missing from the TDP are also the finishing requirements of the container. Is it to be painted, galvanized or just left as is? If paint, is CARC required?

Answer 3:

1. Ignore the extra drawings like for the doors, use only the ones related to the item requested.
 2. Prime and paint: zinc phosphate per CGSB31-GP-105M, prime PPG W42305/W2300C epoxy per MIL-P-53022 and top coat PPG DU46193/DU8 CARC green #383 per MIL-C-46168.
-

Question 4:

Would DND consider alternate source of supply for the pintle hook? The drawing specifies a PH-760. However, I can obtain the same from a different manufacturer for about ½ the cost. Spec sheet can be provided for comparison if required.

Answer 4:

Yes, but the technical data has to be supplied for DND to evaluate the substitute.
