It is to be noted that Canada is not obliged to exercise any of these four (4) options. The exercise of any option will be at Canada's sole discretion, by providing notification in writing to the Contractor prior to the Contract expiry date or the expiry date of an exercised option period.

The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications, to provide the related documentation or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

### **5.1 Mandatory Certifications Required Precedent to Contract Award**

Canada may also verify the information provided by the Bidder, including the information relating to the acts or convictions specified herein, through independent research, use of any government resources or by contacting third parties.
