AMENDMENT NO. 1
Ground Penetrating Radar and Wall Imaging System
CFB Petawawa, Ontario

This amendment is raised to provide additional information/clarifications as a result of questions raised by a bidder.

Q1: "...noticed that the software requirements say '20 users', but also goes on to say '15 laptops + 15 desktops'. Can you please clarify, are you looking for 20 or 30 software licenses?

A1: DND will require 30 licenses for the Ground Penetrating Radar and 30 licenses for the Wall Imaging System.

Q2: "on page 15....our training course is usually one day for each piece of equipment and since you are purchasing one of each, it would be a 2-day training course. The specs specified a minimum of 3 days training".

A2: The spec is correct - we require a minimum of 3 days training per system. In total it will be 6 days.

Q3: "It says that the contractor will provide laptops for the training. We don't normally do this, as customers will usually supply their own laptops".

A3: DND requires the contractor to provide the laptops for the courses.

ALL OTHER TERMS AND CONDITIONS OF THE SOLICITATION REMAIN UNCHANGED.
