Amendment no. 3 is raised to publish all answers to the questions received as of July 23rd, 2012..

## QUESTIONS AND ANSWERS

**Q1. What is the condition of the equipment for the following sites: CFB Halifax, CFB Gagetown and CFB Kingston?**

**A1.** The 3 Proteus and 1 Silhouette systems at CFB Halifax, CFB Kingston and CFB Gagetown have a historical breakdown as follows(this breakdown is over the last year from today date to April 1, 2011);

CFB Halifax

Proteus system:

Installed 2005

PM Inspection completed no problems found

Silhouette System:

Installed 2009

PM inspection completed, no problems found

CFB Gagetown

Proteus System

Installed 2005

1 PM inspection: No faults found

1 repair visit: no parts, cleaned table bucky assy

CFB Kingston

Installed 2005

Proteus System

PM inspection completed no problems found

Any repair history past this shows only PM inspections.

**Q2. Is the Service Software for each site available at each site along with the password and valid access device?**

**A2.** The service software and passwords are kept in a secure location so that no one who is not the valid service person from tampering with the system. As well this information could be considered secure due to the manufacture giving this information to our military BE Techs. It may cause legal problems where I am not willing to disclose this information. Any vendor who wins this contract in good conscience should be able to prove they are competent to provide service as per the RFP without giving out information that they should have already secured from the manufacture of that information. In addition, any device that is required to connect to the systems must be supplied by the winning vendor.
