### 3. Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than ten (10) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that offerors do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

#### Section I: Technical Offer

In their technical offer, offerors should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

#### Section II: Financial Offer

#### PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

#### 1. Evaluation Procedures

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.

### 1.1. Technical Evaluation

#### Interpretation of Personnel Requirement by the Evaluation Team

- a. The statements and requirements in this article apply to the Mandatory and Point-Rated personnel information.
- b. To demonstrate the experience of personnel (i.e. resources), the Offeror must provide complete project details as to where, when (month and year) and how (through which activities/responsibilities) the stated qualifications/experience were obtained. The Offeror is advised that only listing position or assignment titles without providing any supporting data to describe responsibilities, duties, and relevance to the requirements will not be considered "demonstrated" for the purpose of this evaluation.
- Experience gained during formal education shall not be considered work experience. All
  requirements for work experience shall be obtained in a legitimate work environment as opposed
  to an educational setting. Co-op work terms are considered work experience provided they are

related to the required services. If no months/ years are stated to indicate when the work experience was obtained, then the experience will not be considered.

- d. The Offeror is advised that the month(s) of valid experience listed for a project whose timeframe overlaps that of another referenced project will only be counted once. For example: Project 1 timeframe is July 2001 to December 2001; Project 2 timeframe is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.
- e. The Offeror is advised that, if the experience description only contains years, and does not specify any months within the year, then a maximum of only one month of experience will be allowed by the evaluation team if the experience starts and ends in the same year; and if the experience starts and ends in different years, only one month for the beginning year and one month for the end year of the range specified. For example, if the experience description states that a particular position or assignment was undertaken during:
  - (i). "2004", then only one month will be allowed for 2004, provided that the experience is applicable;
  - (ii). "2004-2005", then only one month will be allowed for 2004, and one month for 2005, for a total of two months, provided that the experience is applicable;
  - (iii). "2003-2005", then only one month will be allowed for 2003, and one month for 2005, and 12 for 2004, for a total of 14 months, provided that the experience is applicable. In cases where the number of years is longer, the first and last year will still be counted as one month each, provided that the experience is applicable.
- f. Phrases such as "within the past sixty (60) months" are used mean "within the sixty (60) preceding the closing date of the RFSO". In the event that the RFSO closing date is changed after the initial publication of the RFSO, the Offeror may choose to interpret the phrase as being measured from either the initial closing date or the final closing date, unless otherwise directed in an RFP amendment.
- g. Phrases such as "experience working as an Instructor" (or other resource category title) mean that the experience must match, to the satisfaction of the evaluation team, the requirements for such a resource category as stated in the Statement of Work provided with this RFSO.
- h. Phrases such as "experience dealing with matters related to the Statement of Work" mean that the experience must match, to the satisfaction of the evaluation team, the nature of the requirements for the work being done by the RCMP as described throughout the Statement of Work, including but not limited to background and introductory and other descriptive information.

Offerors must provide the required certifications and related documentation to be issued a standing offer. Canada will declare an offer non-responsive if the required certifications and related documentation are not completed and submitted as requested.

Compliance with the certifications offerors provide to Canada is subject to verification by Canada during the offer evaluation period (before issuance of a standing offer) and after issuance of a standing offer. The Standing Offer Authority will have the right to ask for additional information to verify offerors' compliance with the certifications before issuance of a standing offer. The offer will be declared non-responsive if any certification made by the Offeror is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications, to provide the related documentation or to comply with the request of the Standing Offer Authority for additional information will also render the offer non-responsive.

# 1. Mandatory Certifications Required Precedent to Issuance of a Standing Offer

# 1.1 Code of Conduct and Certifications - Related documentation

By submitting an offer, the Offeror certifies, for himself and his affiliates, to be in compliance with the Code of Conduct and Certifications clause of the Standard instructions. The related documentation hereinafter mentioned will help Canada in confirming that the certifications are true. By submitting an offer, the Offeror certifies that it is aware, and that its affiliates are aware, that Canada may request additional information, certifications, consent forms and other evidentiary elements proving identity or eligibility. Canada may also verify the information provided by the Offeror, including the information relating to the acts or convictions specified herein, through independent research, use of any government resources or by contacting third parties. The certifications listed below should be completed and submitted with the offer, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. # **SERVICE LEVELS:**

Regular Quality Assurance (QA) Reviews of randomly selected PEP exams will be conducted by an independent reviewer contracted by the RCMP. Approximately 25% of the PEP exams will be reviewed for QA. The PEP examinations sent for review will be selected by the OIC Truth Verification or his/her delegate. The purpose of the QA reviews is to insure that contractor are following the PEP examination procedures as set out in the TVS Standard Operating Guidelines (SOGs) and the Directed Lie Screening Test-Examiner Guidelines.

The QA reviews will be evaluated against criteria contained within the TVS Standard Operating Guidelines (SOGs). The QA reviewer will prepare a detailed report outlining any issues (positive and negative) which have been identified during the review. The QA review will consist of a review of all aspects of the PEP examinations and will be based on the following:

- 1) Review of the recorded video of the entire PEP examination which includes the interaction and conversation between the examiner and the applicant.
- 2) Review of the written report prepared by the examiner.
- 3) Review of the polygraph charts of the PEP examination.
- 4) Review of the various forms completed by the examiner.
- 5) Review of the time spent by the examiner conducting the PEP examination.
- 6) Review of the questioning techniques used by the examiner during the PEP examination.

The QA reviewers report will be assessed based on a numeric score out of a total of 100 points. (i.e. if there were no negative issues identified by the QA reviewer, then the score would be 100). 75 and above out of 100 will be considered a passing score.

Remediation will be provided throughout the process however if a contractor receives a total of three (3) QA reviews with a score of less than 75% (0% to 74%), the RCMP Project Authority reserves the right to no longer issue future call-ups to that contractor. (Scores will range from "0" to the stated maximum score for each issue.)
