Amendment 001 is raised to answer the following question and incorporate the following change:

Question 1: 1) How many cameras are there at each location? For example, CFAD Bedford (BM144), is it only the Jetty Camera that needs inspection or is it all the cameras at the main gate as well and all fiber connections and head end systems? Also, 12 Wing Shearwater (Hgr Y), this building monitors all three buildings with 3 different DVR's located one each in Hgr X, Y and Z. Are all the cameras which are on these systems to be included for the inspection, or just the cameras on Hangar Y, if so, how many cameras are located at Hgr Y, and also does this include the cameras that are being monitored from Hangar A? The solicitation is asking for the contractor to provide additional information to update and amend the CCTV System list as inspections are being completed. To be able to bid this job precisely and give a proper number per inspection, the amount of cameras would be required per building.

Answer to Question 1: The Closed Circuit Television (CCTV) systems listed in Annex A-Statement of Work (Specification Standing Offer Agreement: Maintenance and Repair to Closed Circuit Television CCTV Systems; CFB Halifax, NS pdf) with Job No. W010-12C237 remains the same.

Question 2) Security Requirement Part 6 Section 1 – Is this requirement to be met before submission of our bid, or is this a requirement to be acquired after bid submission and before contract award?

Answer to Question 2: **According to PART 6 - SECURITY, FINANCIAL AND INSURANCE REQUIREMENTS** of the Request for Standing Offer Document, **Security Requirement** must be met before issuance of standing offer.

All Other Terms and Conditions Remain the Same.
