## Real Property Branch Business Management Model

The Real Property Branch Business Management Model describes the Branch's adaptation of a Corporate Real Estate Model and demonstrates how the business model is implemented across the different business lines.

The Real Property Branch Business Management Model is structured into five chapters with three supporting annexes:

1. **Overview** – introduces the Corporate Real Estate Model in the context of Real Property Branch's business
2. **Real Property Branch Organizational Structure** – describes the Branch's organizational structure
3. **Roles and Business Relationships** – describes how the Branch's organizational units work together to achieve the objectives of each business model function
4. **Responsibilities, Accountabilities and Authorities** – describes responsibilities, accountabilities and authorities of the Branch's sectors and those of regional offices
5. **Business Model Implementation** – explains how the Business Management Model has been implemented within the Branch, but recognizes the need to keep it current as part of the Branch's continuous improvement framework

**Appendix A** – Glossary of Acronyms and Terms

**Appendix B** – Real Property Branch National Governance Framework

**Appendix C** – Real Property Branch Financial Framework

For more information on the Business Management Model, or to request a copy of the publication, please email Real Property Branch's Policy and Governance Directorate at [CDP.PSC@tpsgc-pwgsc.gc.ca](mailto:CDP.PSC@tpsgc-pwgsc.gc.ca).
