Fixed-Wing Search and Rescue Aircraft Replacement (FWSAR) Project

Introduction

The purpose of this Letter of Interest (LOI) is to continue to share information as part of the Industry Engagement Strategy in the context of the Fixed Wing Search and Rescue Aircraft Replacement (FWSAR) Project. By sharing additional information, the intent from the FWSAR Secretariat is to seek industry feedback to allow the Government of Canada to better understand what industry has to offer and to help the FWSAR project team progress the definition work.

INDUSTRIAL AND REGIONAL BENEFITS

Canada's Industrial and Regional Benefits (IRB) Policy will be a mandatory element of the Fixed-Wing Search and Rescue (FWSAR) Project, with the bidder committing to achieve IRB valued at 100% of the contract value.

Industry is requested to use the document titled Industrial and Regional Benefits Direct Requirement to provide information on the current and planned level of Direct work (Canadian Content) for the acquisition portion of the potential FWSAR contract. Industry is also to submit the planned level of Direct work on the in service support (ISS) portion of the potential FWSAR contract. The information provided by industry will assist the Government in determining a separate direct requirement for the acquisition and ISS portions of the FWSAR contract and will be included in the FWSAR RFP.

Feedback Industrial and Regional Benefits Requirements is being sought by 28 June 2013.

Copy of the document will be provided upon request to the FWSAR Secretariat at the e-mail address: ARSVF.FWSAR@tpsgc-pwgsc.gc.ca
