## **PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

### **1. Evaluation Procedures**

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.

#### **1.1 Financial Evaluation**

- 1.1.1** If the Offeror does not provide a price for an item, PWGSC will for assessment purposes only, substitute the highest price quoted (by another supplier) for the item.
- 1.1.2** If all offerors do not provide a price on an item, the item will be removed from the evaluation process.
- 1.1.3** The price of the bids will be evaluated in Canadian currency, Goods and Services Tax (GST) or Harmonized Sales Tax (HST) excluded, DDP, Delivery Duty Paid, prices by multiplying all of the estimated quantities by the prices offered by the Bidders under Pricing Basis "A"; and determining the discount offered against the estimated usage figure under Pricing Basis "B". The total of Pricing Basis "A" and "B" will be the Aggregate Total Price.

The Aggregate Price for Pricing Basis "B" will be calculated by deducting the discount offered by the Bidder from the corresponding estimated usage value under Pricing Basis "B".

The sum of the Aggregate Price for Pricing Basis "A" and "B" will be the Total Aggregate Price.

### **2. Basis of Selection**

- 2.1** An offer must comply with the requirements of the Request for Standing Offers to be declared responsive. The responsive offer with the lowest aggregate price will be recommended for issuance of a standing offer.

---

## PART 5 - CERTIFICATIONS

Offerors must provide the required certifications and related documentation to be issued a standing offer. Canada will declare an offer non-responsive if the required certifications and related documentation are not completed and submitted as requested.

Compliance with the certifications offerors provide to Canada is subject to verification by Canada during the offer evaluation period (before issuance of a standing offer) and after issuance of a standing offer. The Standing Offer Authority will have the right to ask for additional information to verify offerors' compliance with the certifications before issuance of a standing offer. The offer will be declared non-responsive if any certification made by the Offeror is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications, to provide the related documentation or to comply with the request of the Standing Offer Authority for additional information will also render the offer non-responsive.

### 1. Mandatory Certifications Required Precedent to Issuance of a Standing Offer

#### 1.1 Code of Conduct and Certifications - Related documentation

By submitting an offer, the Offeror certifies that the Offeror and its affiliates are in compliance with the provisions as stated in Section 01 Code of Conduct and Certifications - Offer of Standard Instructions 2006. ### 2. Additional Certifications Precedent to Issuance of a Standing Offer

The certifications listed below should be completed and submitted with the offer, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Standing Offer Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the Standing Offer Authority and meet the requirement within that time period will render the offer non-responsive.

#### 2.1 Federal Contractors Program - Certification

Any offers from ineligible contractors, including an offer from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

The Offeror, or, if the Offeror is a joint venture the member of the joint venture, certifies its status with the FCP, as follows:
