- 9.5 In the procuring of materials and parts required for the performance of the Contract and in the subcontracting of any of the Work, the Contractor shall, unless otherwise authorized by the Minister, place purchase orders and subcontracts on terms that will enable the Contractor to terminate the same upon terms and conditions similar in effect to those provided in this section, and generally, the Contractor shall co-operate with the Minister and do everything reasonably within its power at all times to minimize the amount of Canada's obligations in the event of a termination under this section.
- 9.6 The Contractor shall have no claim for damages, compensation, loss of profit, allowance or otherwise by reason of, or directly or indirectly arising out of, any action taken or termination notice given by the Minister under this section, except to the extent that this section expressly provides.

10.1.2 the Contractor fails to perform any of its obligations under the Contract, or in the Minister's view, so fails to make progress as to endanger performance of the Contract in accordance with its terms.

10.2 If the Minister terminates the Work in whole or in part under this section, the Minister may arrange, upon such terms and conditions and in such manner as the Minister deems appropriate, for the Work to be completed that was so terminated, and the

Contractor shall be liable to the Minister for any excess costs including additional costs relating to the completion of the Work.

- 10.3 Upon termination of the Work under subsection 10.1 the Minister may require the Contractor to deliver and transfer title to the Minister, in the manner and to the extent directed by the Minister, in any finished Work which has not been delivered and accepted prior to such termination and in any materials or work-in-process which the Contractor has specifically acquired or produced for the fulfilment of the Contract. The Minister shall pay the Contractor for all such finished Work delivered pursuant to such direction and accepted by the Minister, the cost to the Contractor of such finished Work plus the proportionate part of any fee fixed by the Contract and shall pay or reimburse the Contractor the fair and reasonable cost to the Contractor of all materials or work-in-process delivered to the Minister pursuant to such direction. The Minister may withhold from the amounts due to the Contractor such sums as the Minister determines to be necessary to protect the Minister against excess costs for the completion of the Work.
- 10.4 The Contractor shall not be entitled to be reimbursed any amount which, taken together with any amounts paid or becoming due to the Contractor under the Contract, exceeds the Contract price applicable to the Work or the particular part thereof.
- 10.5 If after the Minister issues a notice of termination under 10.1, it is determined by the Minister that the default of the Contractor is due to causes beyond the control of the Contractor, such notice of termination shall be deemed to have been issued pursuant to 9.1 and the rights and obligations of the parties hereto shall be governed by section 9.

11. RECORDS TO BE KEPT BY CONTRACTOR

- 11.1 The Contractor shall keep accounts, invoices, receipts, vouchers, records and all other documents of the cost of the Work and of all expenditures or commitments in a manner and to the extent sufficient for audit purposes to the satisfaction of the Minister. Such accounts, invoices, receipts, vouchers and all other documents shall be open to audit and inspection by the Minister who may make copies and take extracts there from.
- 11.2 The Contractor shall provide facilities for audit and inspection purposes and shall provide the Minister with such information as requested by the Minister for those purposes.
- 11.3 The Contractor shall not dispose of any such accounts, invoices, receipts, vouchers, records or other documents without the prior written consent of the Minister and shall preserve and keep them available for audit and inspection by the Minister to his satisfaction, for a six (6) year period plus current year, following completion, termination or suspension of the Work.

STATEMENT OF WORK

F5211-130005 – MARINE MAMMAL RESPONSE PROGRAM

Rescue and Stranding Program for Marine Animals in Distress: Newfoundland and Labrador Region August 1, 2013 to November 30, 2013

BACKGROUND

Assistance to fishers who have marine animals entrapped in their fishing gear has been provided throughout Newfoundland and Labrador by various organizations since the late 1970s. Fisheries and Oceans Canada (DFO) has provided this service through its Species at Risk program since 2003. The purpose of DFO's **Rescue and Stranding Program for Marine Animals in Distress** is to provide a 24-hour, seven-day-a-week toll-free telephone line for fishers and members of the public to report stranded and/or entrapped marine animals and maintain a ready team to respond to and assist or release entrapped and stranded marine animals. It aims to ensure the safe release of whales, leatherback turtles and other marine animals from fishing gear, thus providing both a direct mitigation for species currently listed under the *Species at Risk Act (SARA)* and decreased damage to fishing gear. The program has the added benefit of improving communications with fishers and the general public regarding marine animal conservation and provides an opportunity to collect scientific data to improve our understanding of these species. The August (June) 2013 to November 2013 rescue and stranding program will address such events throughout the entire Newfoundland and Labrador Region.

The Newfoundland and Labrador Region experiences more large marine animal entanglements than any other region of the country. Combined with an expansive coastline and ocean area, high cetacean species diversity, widespread fishing activity, high stakeholder/public expectations and a small Non Government Organization (NGO) community – DFO delivers a Rescue and Stranding Program for Marine Animals in Distress via a contractual arrangement. The following describes the scope of work needed to effectively deliver this program in the Newfoundland and Labrador Region.

WORK DESCRIPTION

The contractor is required to deliver the project in accordance with the Statement of Work **ONLY** in situations and conditions considered safe for such delivery. - 3) Inform by email or telephone the DFO office located in proximity to incidents where a marine mammal entanglement or stranding has been reported and provide details on reported location and description of the incident.
