

Question 1:

Please provide a more detailed breakdown of the Evaluation Table and scoring methodology that will be used to evaluate proposed candidates?

Response:

7 points is given for the minimum amount of years required in the criteria.

1. 8 + years experience progressively responsible positions in IT
  - if incumbent has 8 years, we give 7 points (which is the upset score)
  - if incumbent has 9-10 years, we give 8 points
  - if incumbent has 10-11 years, we give 9 points
  - if incumbent has 12+ years, we give 10 points
  
2. 5 + years experience mainframe coding in CICS/COBOL
  - if incumbent has 5 years, we give 7 points (which is the upset score)
  - if incumbent has 6-7 years, we give 8 points
  - if incumbent has 8-9 years, we give 9 points
  - if incumbent has 10+ years, we give 10 point
  -
  
3. 5 + years development experience coding DB2 SQL statements
  - if incumbent has 5 years, we give 7 points (which is the upset score)
  - if incumbent has 6-7 years, we give 8 points
  - if incumbent has 8-9 years, we give 9 points
  - if incumbent has 10+ years, we give 10 point
