

Question 5:

In Document 1 ; Question 1 Response, please provide further clarification. It is our understanding the Proponent is the Company bidding on the Project and so it should be the company's experience in projects of similar size and scope in past 24 months and not the candidate they are proposing.

Response:

CMHC recognizes that 'proponent' refers to the company submitting the response to the solicitation. Resumés for all project and personnel that you feel are relevant to RFP and the response and will assist in CMHC's analysis of the company to deliver the services requested. At a minimum, CMHC requires the resumés of the candidates proposed.
