This amendment has been raised to clarify the following:

QUESTION:

could you please let us know whether Public Works and Government Services Canada will be hiring the geotechnical consultant for the Bowden Institution Sewer Infrastructure Upgrade, or whether the contractor is responsible for hiring the consultant?

ANSWER:

For geotech design to support the construction process, the contractor is responsible. PWGSC has hired a geotech consultant for the exploration of the site as part of the CIVIL design works. Our consultant would continue to support PWGSC for any further design required on our side.

All other Terms and Conditions remain unchanged
