

Questions and Responses # 9
For RFP # 9328-12-0005

Q 1. On the Proposed Basis of Payment price sheet found on page 11 of 100 of the rfp, do you want the Estimated QTY for Evaluation Purposes to be 3,000,000 for each item (1 to 8) respectively or do you want 3,000,000 for item 1 and 1000 for each of the others ?

R 1. No, only 1 and 2 should be based on 3,000,000. Items 3 to 8 should only list total per 1,000 forms.

Q 2. For item 2, unit of Issue: 30% of 1000. Can you please clarify. Do you want the price per 1000 assuming that only 30% will contain information ?

R 2. For item 2, the price per 1,000 should be provided assuming that 100% of ROEs will meet requirements of item 1 + 30% will have the additional fields mentioned in item 2.

Q 3. In addition the preceding question, can you confirm that you would then want the total price for that item to be the price per 1000 records assuming that only 30% will contain data X 3,000,000 documents ?

R 3. We would then want the total for 3,000,000 assuming that 100% of ROEs will meet requirements of item 1 + 30% will have the additional fields mentioned in item 2.
