This amendment (2) seeks to answer questions from vendors:

Q1.A - (Vendor name) does not carry an Allen Vanguard or Axell Wireless Diplexer. Is it possible to obtain the specifications in order to submit an equivalent?

Q1.B - We would like to bid on this project , apart from the part number below would you be able to send us detailed specs so that we can even provide a cost effective solution

P/N: 09-10062 from Allen Vanguard or
P/N: 07-004311 from Axell Wireless
Cable P/N: 00-10232

Q1.C - We are interested in submitting a quote for these diplexers. Is it possible to get from you a data sheet showing the exact frequencies and requirement.

A1-

- Frequency range: pass band 1 --> 850 - 980 MHz & pass band 2 --> 1710 - 1900 MHz
- Insertion Loss: < 0.4dB
- Impedence: 50 ohms
- Power Handling: for pass band 1: 100W; pass band 2: 100W
- Dimensions: 132 mm X 110 mm X 31 mm -

Note - these dimensions are critical because of the limited amount of space allocated with the various vehicle platforms that this piece of kit is installed on

- Connectors - N type, female on all ports
- Operating Temperature: -20 C to + 65 C
- Material: Should be lightweight of aluminium alloy

All other terms and conditions remain unchanged
