At Clause **4.4 Basis of Selection** of the RFP, amend as follows:

DELETE:

(e) Evaluation of Proposal - Best Overall Value

The Method of Selection to issue the resulting Contract is the Best Overall Value.

FOR EACH STREAM PROPOSAL(S):

The technically responsive proposal that obtains the highest combined rating of technical merit and price, e.g. adding the technical score with the financial score, will be recommended for award of a contract. The total possible technical score is 60 while the total financial score is 40. Where two or more proposals achieve the identical highest combined technical (60%) and financial (40%) score, the proposal with the lowest total price will be recommended for award of a contract.

(i) FOR APPLICATION SERVICES - STREAM 1 - PROPOSAL:

Calculation of Technical Score: The technical component score will constitute 60% of the total Bidder's score. The Final Technical score (out of 60 points) will be computed for each responsive Bidder. The Final Technical score will then be converted to points (i.e. Scored), and rounded to two decimal places, based upon compliant proposals at this phase of the evaluation, using the following formula:

$$\frac{\text{Total Bidder Technical Score Obtained}}{293 \text{ points}} \times 60 = \text{Technical Score} \quad (\text{Max. of 60 points})$$

Calculation of Financial Score:

The Bidder's Total Estimated Cost will be converted to points (i.e. Scored), and rounded to two decimal places, based upon compliant proposals at this phase of the evaluation, using the following formula:

$$\frac{\text{Bidder's Total Financial Score}}{\text{Table 1 - 400 points}} \times 40 = \text{Financial Proposal Score}$$

(Max. of 40 points)
