

PART 1 GENERAL

1.1 ACCESS AND EGRESS

- .1 Design, construct and maintain temporary "access to" and "egress from" work areas and campground, including stairs, runways, roads, ramps or ladders and scaffolding, independent of finished surfaces and in accordance with relevant municipal, provincial and other regulations.

1.2 USE OF SITE AND FACILITIES

- .1 Execute work with least possible interference or disturbance to normal use of premises. Make arrangements with the Departmental Representative to facilitate work as stated. Maintain campground access to public at all times.
- .2 Maintain existing services to building and provide for personnel and vehicle access.
- .3 Where security is reduced by work provide temporary means to maintain security.
- .4 The Contractor will provide onsite sanitary facilities for use by Contractor's personnel. Keep facilities clean.
- .5 Contractor shall provide its own waste bins and shall dispose of domestic waste on a daily basis. Contractor shall not use existing public waste bins inside the campground. All construction waste to be placed in Contractor supplied bins on site.
- .6 Closures: protect work temporarily until permanent enclosures are completed.

1.3 EXISTING SERVICES

- .1 Notify the Departmental Representative and utility companies of intended interruption of services and obtain required permission.
- .2 Where Work involves breaking into or connecting to existing services, give the Departmental Representative 96 hours of notice for necessary interruption of mechanical or electrical service throughout course of work. Keep duration of interruptions to a minimum. Carry out interruptions after normal hours of occupants.
- .3 Provide for personnel and vehicular traffic. Provide detours, flagging, barricades and traffic controls before beginning work.
- .4 Construct barriers in accordance with Section 01 56 00 - Temporary Barriers and Enclosures.

1.4 SPECIAL REQUIREMENTS

- .1 Submit schedule in accordance with Section 01 32 18 - Construction Progress Schedules - Bar (GANTT) Chart.

-
- .2 Ensure that Contractor personnel employed on site become familiar with and obey regulations including safety, fire, traffic, security regulations, the National Parks Act and Canadian Environmental Assessment Act.
 - .3 Keep within limits of work and avenues of ingress and egress.
 - .4 Deliver materials during normal working hours unless otherwise approved by the Departmental Representative.
 - .5 Hours of work are normally from 7am to 7pm.
 - .6 No work will be permitted from noon Thursday before any long weekend until 7am on the Tuesday following the long weekend. The departmental representative will provide a list of non-working during scheduling of construction.
 - .7 Trenches adjacent to the roadway must be safe for public transportation and not affect the support or structure of adjacent roadways at any time.
 - .8 Trenches must be barricaded and blocked off at the end of each working day.
 - .9 No more than 30 metres of open trench may be left of at the end of the working day.
 - .10 At the end of each work day, all roads affected by the work shall be opened to the public. In the event where such road(s) could not be opened to the public, the Contractor shall provide flagmen on 24-hour shifts until such road(s) is opened and placed back into operation.
 - .11 Two way traffic at the kiosk entrance to the campground must be maintained at all times.
 - .12 Road Lane closures are not permitted between STA 0+900 to STA 1+900 during the months of July and August.
 - .13 The sanitary forcemain crossing in front of the campground entrance kiosk is to be completed after the Labour day long weekend.
 - .14 Where trenches are required along and across roadway(s), the Contractor shall ensure that trenches are covered at the end of each working day and shall be safe for public transportation.

END OF SECTION
