Amendment #004 is raised to revised the following for F2930-130001/A

1) Questions from proponents:

Q1: What is the date of the most recent bathymetric survey available?

A1: Sounding surveys are being/will be undertaken in May, June, July and August 2013. The June 2013 survey is included to demonstrate the area sounded.

Q2: If the bathymetry data that is available is not recent enough for our study, should we include the cost of a bathymetric survey in our proposal?

A2: If you feel a bathymetric study is required, you should include the cost in your proposal.

Q3: What sediment grain size data is available?

A3: We have sediment sample logs and grain size distribution graphs from 2003.

Q4: What aerial photographs are available?

A4: Geo-referenced aerial photos were taken in June 2012 and June 2013. There are historical photos (1950, 1963 and 1979) contained in "Wheatley Harbour Sedimentation Study – March 2003 – Shoreplan Engineering Limited".

All other Terms and Conditions remain the same.
