**This Amendment has been raised to address questions from bidders:**

**Question:** Your general requirements on page 17 of 20, 1 and 2, do not provide for the demonstration and use of this technology on any other vehicles other than LAV III and Strykers. Our partners have their systems operating on a M113 platform and on other smaller platforms. Would you consider these as meeting or at least be at the same caliber and level of a M113?

**Answer:** The M113 platform is not acceptable and the bidder must have successfully used their system on a LAV III or Stryker to be compliant. The M113 platform can be used to satisfy the requirement #2 in the General Requirements (3 other types).

On page 17 of 20 under the minimum performance specifications, DELETE line item #3:

3	The contractor shall demonstrate the ability from previous projects to install, configure, and demonstrate effective operation of their system within 5 working days. Must provide documentation of proof.			
---	--	--	--	--

**ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME**
