Amendment 001 has been raised to answer questions pertaining to the requirement.

Q1./ Is the Pharmacy Prescription Dispenser completely automated-requiring no staff at all (ATM style machine) or is the system going into a pharmacy that would have staff working with the unit, ie: the machine would count into a vial, apply a label and then the staff would pass the filled prescription to a pharmacist to have it checked.

A1./ The unit will be stand-alone and not in a pharmacy.

Q1./ Can you tell us how many Glucometers are needed?

A1./ Last year we needed 708 glucometers.

Q2. How many Glucose Meters are used at each correctional site?

A2./ This information is not available.

Q3./ You're total glucose test strip volume is 450,000 annually. Does this number include both patient and control testing?

A3./ yes

Q4./ How many test strips does each site use individually (shipping purposes)?

A4./ For the Pacific, Ontario, Québec and Atlantic regions, all deliveries will go to the regional pharmacy. For the Prairies region (AB, SK, MB) deliveries will go to the institutions, which average 7,200 each.

ALL OTHER TERMS AND CONDITIONS IN THE RFP REMAIN UNCHANGED.
