APPENDIX 1 - COMBINED PRICE FORM

APPENDIX 2 - COMPLETE LIST OF EACH INDIVIDUAL WHO ARE CURRENTLY DIRECTORS OF THE BIDDER

APPENDIX 3 - QUALIFICATION FORM

ANNEX A - SECURITY REQUIREMENT CHECK LIST (SRCL)

SPECIAL INSTRUCTIONS TO BIDDERS (SI)**SI01 INTRODUCTION**

1. Public Works and Government Services Canada (PWGSC) intends to retain a Contractor to provide construction services for the project as set out in this Invitation to tender (ITT).
2. Bidders responding to this ITT are requested to submit a full and complete quotation (refer to SI06 'Submission of Bid'). The bid will cover not only the qualifications, experience and organization of the Bidder (Envelope 1 - Qualifications), but also the pricing and terms offered (Envelope 2 - Price).

SI02 CODE OF CONDUCT AND CERTIFICATIONS - RELATED DOCUMENTATION

By submitting a bid, the Bidder certifies that the Bidder and its affiliates are in compliance with the provisions as stated in Section 01 Code of Conduct and Certifications - Bid of Standard Instructions R2710T (2013-04-25). The related documentation therein required will assist Canada in confirming that the certifications are true.

SI03 BID DOCUMENTS

1. The following are the bid documents:
 - a. Invitation to Tender - Page 1;
 - b. Special Instructions to Bidders;
 - c. General Instructions to Bidders [R2710T] (2013-04-25);
 - d. Clauses & Conditions identified in "Contract Documents";
 - e. Drawings and Specifications;
 - f. Bid and Acceptance Form and related Appendice(s); and
 - g. Any amendment issued prior to solicitation closing.

Submission of a bid constitutes acknowledgement that the Bidder has read and agrees to be bound by these documents.

2. General Instructions to Bidders is incorporated by reference and is set out in the Standard Acquisition Clauses and Conditions (SACC) Manual, issued by Public Works and Government Services Canada (PWGSC). The SACC Manual is available on the PWGSC Web site:

<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manua>

1

SI04 ENQUIRIES DURING THE SOLICITATION PERIOD

1. Enquiries regarding this bid must be submitted in writing to the Contracting Officer named on the Invitation to Tender - Page 1 as early as possible within the solicitation period. Except for the approval of alternative materials as described in GI15 of R2710T "General Instructions to Bidders", enquiries should be received no later than five (5) calendar days prior to the date set for solicitation closing to allow sufficient time to provide a response. Enquiries received after that time may not result in an answer being provided.
2. To ensure consistency and quality of the information provided to Bidders, the Contracting Officer shall examine the content of the enquiry and shall decide whether or not to issue an amendment.
3. All enquiries and other communications related to this bid sent throughout the solicitation period are to be directed ONLY to the Contracting Officer named on the Invitation to Tender - Page 1. Failure to comply with this requirement may result in the bid being declared non-responsive.

SI05 MANDATORY SITE VISIT

There will be a site visit on 22 August 2013 at 10:30am. Interested bidders are to meet at the Parking Area, adjacent to the bridge, Burlington Canal Vertical Lift Bridge in Hamilton, Ontario. The site visit for this project is MANDATORY. The representative of the bidder will be required to sign the Site Visit Attendance Sheet at the site visit. Bids submitted by Bidders who have not signed the attendance sheet will not be accepted.

BIDDERS' CONFERENCE

A bidders' conference will be held at Burlington Lift Bridge on 22 August 2013. The bidders' conference will begin immediately following the site visit.

The scope of the requirement outlined in the bid solicitation will be reviewed during the conference and questions will be answered. It is recommended that bidders who intend to submit a bid attend or send a representative.

Bidders are requested to communicate with the Contracting Authority before the conference to confirm attendance. Bidders should provide, in writing, to the Contracting Authority, the names of the person(s) who will be attending and a list of issues they wish to table at least 2 working days before the scheduled conference.

Any clarifications or changes to the bid solicitation resulting from the bidders' conference will be included as an amendment to the bid solicitation.

SI06 SUBMISSION OF BID**Section GI09 of R2710T is replaced by the following:**

1. The bid shall be submitted following a "two-envelope" procedure in which the Bidder submits the Qualifications Form and any required associated document(s) in envelope 1 and the Bid and Acceptance Form and any required associated document(s) in a envelope 2. Both envelopes shall be enclosed and sealed together in a third envelope, the bid envelope. . All envelopes are to be provided by the Bidder.
2. The bid envelope shall be addressed and submitted to the office designated on the Front Page "Invitation to Tender" for the receipt of the bids. The bid must be received on or before the date and time set for solicitation closing. Prior to submitting the bid, the Bidder shall ensure that the following information is clearly printed or typed on the face of the bid envelope:
 - a. Solicitation Number;
 - b. Name of Bidder;
 - c. Return address; and
 - d. Closing Date and Time.
3. The Qualifications Form, and any required associated document(s), shall be enclosed and sealed in an envelope with the following information clearly printed or typed on the face of the envelope:
 - a. ENVELOPE 1 - QUALIFICATIONS;
 - b. Solicitation Number; and
 - c. Name of Bidder.
4. The Bid and Acceptance Form, and any required associated document(s), shall be enclosed and sealed in an envelope with the following information clearly printed or typed on the face of the envelope:
 - a. ENVELOPE 2 - PRICE;
 - b. Solicitation Number; and
 - c. Name of Bidder.

The bid shall be in Canadian currency. Exchange rate fluctuation protection is not offered. Any request for exchange rate fluctuation protection shall not be considered.

5. Timely and correct delivery of bids is the sole responsibility of the Bidder.

SI07 REVISION OF BID

A bid may be revised by letter or facsimile in accordance with G110 of R2710T "General Instructions to Bidders". The facsimile number for receipt of revisions is (416) 512-5862.

SI08 OPENING OF BIDS / EVALUATION

1. There will be no public opening at bid deposit time. A list of bidders that deposited their tenders will be read out loud
2. Envelope 1 - Qualifications - will be opened in private : this envelope will be opened first to evaluate the submittal requirements. Requirements will be evaluated on a Pass or Fail basis. Failure to meet any or all of the mandatory requirement(s) will render the bid non-compliant and no other consideration will be given to the bid. Envelope 2 will be returned unopened to the bidder.
3. A date will be established for envelope 2 opening - Price - the bidders that passed the qualification stage will be invited.
4. Envelope 2 - Price: Only those envelopes from Bidder's that meet the mandatory requirements of the Qualifications shall be opened. Envelope 2 submittals will be evaluated against the mandatory requirements, failure to comply with any or all of the mandatory requirement(s) will render the bid non-compliant and no other consideration will be given to the bid.
5. The responsive bid carrying the lowest price will be recommended for contract award.

SI09 COMPLETION OF SUBMISSION

The Bidder shall base the Bid on the applicable bid documents listed in the Special Instructions to Bidders. It is the responsibility of the Bidder to obtain clarification on any terms, conditions or technical requirements contained in this document.

SI10 INSUFFICIENT FUNDING

In the event that the lowest compliant bid exceeds the amount of funding allocated for the Work, Canada in its sole discretion may

- a. cancel the solicitation; or
- b. obtain additional funding and award the Contract to the Bidder submitting the lowest compliant bid; and/or
- c. negotiate a reduction in the bid price and/or scope of work of not more than 15% with the Bidder submitting the lowest compliant bid. Should an agreement satisfactory to Canada not be reached, Canada shall exercise option (a) or (b).

SI11 DEBRIEFINGS

After contract award, bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days of receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

SI12 BID VALIDITY PERIOD

1. Canada reserves the right to seek an extension to the bid validity period prescribed in BA04 of the Bid and Acceptance Form. Upon notification in writing from Canada, Bidders shall have the option to either accept or reject the proposed extension.
2. If the extension referred to in paragraph 1. of SI12 is accepted, in writing, by all those who submitted bids, then Canada shall continue immediately with the evaluation of the bids and its approvals processes.
3. If the extension referred to in paragraph 1. of SI12 is not accepted in writing by all those who submitted bids then Canada shall, at its sole discretion, either
 - a. continue to evaluate the bids of those who have accepted the proposed extension and seek the necessary approvals; or
 - b. cancel the invitation to tender.
4. The provisions expressed herein do not in any manner limit Canada's rights in law or under GI11 of R2710T "General Instructions to Bidders".

SI13 CONSTRUCTION DOCUMENTS

The successful Contractor will be provided with (1) paper copy of the sealed and signed drawings, the specifications and the amendments upon acceptance of the offer. Additional copies, up to a maximum of two (2), will be provided free of charge upon request by the Contractor. Obtaining more copies shall be the responsibility of the Contractor including costs.

SI14 SECURITY RELATED REQUIREMENTS

1. **At bid closing, the Bidder must hold a valid Security Clearance** as indicated in section SC01 of the Supplementary Conditions. Failure to comply with this requirement will render the Bid non-compliant and no further consideration will be given to the Bid.
2. The Successful Bidder's personnel, as well as any subcontractor and its personnel, who are required to perform any part of the work pursuant to the subsequent contract must meet the mandatory security requirement as indicated in section SC01 of the Supplementary Conditions. **Individuals who do not have the required level of security will not be allowed on site.** It is the responsibility of the successful bidder to ensure that the security requirements are met throughout the performance of the contract. Canada will not be held liable or accountable for any delays or additional costs associated with the successful bidder's non-compliance with the mandatory security requirement.
3. For additional information on security requirements, bidders should consult the "Security Requirements for PWGSC Bid Solicitations - Instructions for Bidders" (<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31>) document on the Departmental Standard Procurement Documents Web site.

SUPPLEMENTARY CONDITIONS (SC)

SC01 SECURITY REQUIREMENTS

The following security requirement (SRCL and related clauses) applies and form part of the Contract.

SECURITY REQUIREMENT FOR CANADIAN SUPPLIER:

1. The Contractor/Offeror must, at all times during the performance of the Contract/Standing Offer, hold a valid Designated Organization Screening (DOS), issued by the Canadian Industrial Security Directorate (CISD), Public Works and Government Services Canada (PWGSC).
2. The Contractor/Offeror personnel requiring access to sensitive work site(s) must EACH hold a valid RELIABILITY STATUS, granted or approved by CISD/PWGSC.
3. Subcontracts which contain security requirements are NOT to be awarded without the prior written permission of CISD/PWGSC.
4. The Contractor/Offeror must comply with the provisions of the:
 - (a) Security Requirements Check List and security guide, attached at Annex A;
 - (b) Industrial Security Manual (Latest Edition).

SC02 ASSESSMENTS AND DAMAGES FOR LATE COMPLETION

AMEND GC5.10 (2007-05-25) Assessments and Damages for Late Completion as follows:

The portion of the Work required for the Burlington Lift Bridge to be operational must be completed prior to Navigation Season.

1. For the purposes of this clause
 - a. The Pre-Operational Work (as defined in BA06) shall be deemed to be completed on the date the Burlington Lift Bridge is first operational; [Note: who is going to verify this? Will notice be provided in writing when this stage is complete?]
 - b. the Work, apart from the Pre-Operational Work, shall be deemed to be completed on the date of the Certificate of Completion; and
 - c. the "period of delay" means the number of days commencing on the day fixed for completion of the Pre-Operational Work or the Work and ending on the day immediately preceding the day on which the Pre-Operational Work or the Work is completed but does not include any day within a period of extension granted pursuant to GC6.5, "Delays and Extension of Time", and any other day on which, in the opinion of Canada, completion of the Pre-Operational Work or the Work was delayed for reasons beyond the control of the Contractor.
2. If the Contractor does not complete the Work or the Pre-Operational Work by the day fixed for its completion but completes it thereafter, the Contractor shall pay Canada an amount equal to the aggregate of
 - a. all salaries, wages and travelling expenses incurred by Canada in respect of persons overseeing the performance of the Work or the Pre-Operational Work during the period of delay;

-
- b. the cost incurred by Canada as a result of the inability to use the completed Work or, in the case of the Pre-Operational Work, the Burlington Lift Bridge, for the period of delay; and
 - c. all other expenses and damages incurred or sustained by Canada during the period of delay as a result of the Work or the Pre-Operational Work not being completed by the day fixed for its completion.
 3. Canada may waive the right of Canada to the whole or any part of the amount payable by the Contractor pursuant to paragraph 2) of GC5.10 if, in the opinion of Canada, it is in the public interest to do so.

CONTRACT DOCUMENTS (CD)

1. The following are the contract documents:

BA06 CONSTRUCTION TIME

The portion of the Work required for the Burlington Lift Bridge to be operational must be completed prior to Navigation Season. In order not to impede marine traffic, the replacement and other work which requires extended periods of bridge closure shall only be carried out during the scheduled navigation shutdown periods which extend generally between January 1 up to March 20 of each calendar year.

The Contractor shall perform and complete the Work in two phases from the date of notification of acceptance of the offer as follows:

Phase I Completion:

Comprises of the replacement of controls, drives and overhead cables including but not limited to the testing and commissioning of the bridge and carrying out all necessary pre-operational works as specified and ensuring that the bridge is made ready for operation to service the public as intended.

Phase II Completion:

Provide technical and professional support to PWGSC operating staff during the sixty (60) day trial period of the navigation season and as required for the adequate bridge operation. The successful conclusion of the trial period will be considered as the Phase II Completion.

Substantial Completion:

At the successful conclusion of Phase II Completion, the Substantial performance will be considered as achieved. Contractor shall apply for and the Departmental Representative will issue the Certificate of Completion.

The Contractor shall perform and complete the Work within Six hundred and eleven (611) calendar days from the date of notification of acceptance of the offer.

BA07 BID SECURITY

**APPENDIX 3 - QUALIFICATIONS FORM
MANDATORY QUALIFICATIONS AND SUBMISSIONS**

- 1 Each Bidder must provide with their bid information related to the Contractor's Information. Bidders must complete the forms included herein or a facsimile, that includes all of the information contained therein. These forms must be included as part of the bid submission in "Envelope One - QUALIFICATIONS"

Form No. 1 - Contractor's Information

2. **MOVABLE BRIDGE CONSTRUCTION SPECIALIST**

Movable Bridge Construction Specialist : Movable bridge construction experience is defined as follows:

Responsible for coordinating the mechanical, electrical and structural tasks of a movable bridge during a major rehabilitation or new bridge construction. Managing and coordinating the on-site integration of the electrical control system with the electrically operated equipment and mechanical systems. Responsible for balancing the vertical lift span and coordinating functional testing of each of the bridge operating systems.

Each bidder must provide with their bid a certification that their Movable Bridge Construction Specialist which will be assigned to this project will be in responsible charge of the work on daily basis with the authority to make final decisions to fulfill the requirements of the contract documents and will:

- i. Have a minimum of ten (10) years experience in movable bridge construction including a minimum of two (2) tower driven vertical lift bridges, or one (1) tower driven vertical lift bridge and one (1) span driven vertical lift bridge, or one (1) tower driven vertical lift bridge and a two (2) leaf bascule bridge all with electronic drives in the past twelve (12) years.
- ii. Be on-site full time, starting two (2) weeks prior to delivery of any mechanical or electrical equipment to the site, except when witnessing factory fabrication, fittings, and testing.
- iii. Be on-site to manage the integration of the electrical control system with the electrically operated equipment.

Bidders must complete the form included herein or a facsimile, that includes all the information contained therein. This form must be included as part of the bid submission in "Envelope One - QUALIFICATIONS."

Form No. 2 – Movable Bridge Construction Specialist

3. BRIDGE CONTROL SYSTEM INTEGRATOR

Bridge Control System Integrator: Bridge control system integration experience as follows:

Directing or performing control system and motor drive tasks of a movable bridge during a major rehabilitation or a new bridge construction. Directing or performing the off-site and on-site integration of the electrical control system and motor drives with the electrically operated equipment and mechanical systems. Responsible for performing functional testing of each of the bridge operating control systems and motor drive systems.

Each bidder must provide with their bid a certification that their Bridge Control System Integrator which will be assigned to this project will be in responsible charge of the work on daily basis with the authority to make final decisions to fulfill the requirements of the contract documents and will:

- i. Have a minimum of ten (10) years experience in movable bridge construction. Experience must include the detailed design of electrical control systems for a minimum of two (2) tower driven vertical lift bridges, or one (1) tower driven vertical lift bridge and one span (1) driven vertical lift bridge, or one (1) tower driven vertical lift bridge and a two (2) leaf bascule bridge all with electronic drives in the past twelve (12) years similar in type and configuration to that required for this project. At least one (1) design includes incorporating the same type of span motion control technique specified for this project.
- ii. Be the Contractor's sole representative for the integration of the electrical power and control systems with the mechanical components into a single bridge operating system.
- iii. Be responsible for the detailed design, development, and coordination of the completed assemblies including the Motor Control Centres, vector controlled pulse width modulated motor drives, motor controllers, the control panel, the control console, and programming of the control panel, with the mechanical operating equipment.

Bidders must complete the form included herein or a facsimile, that includes all the information contained therein. These forms must be included as part of the bid submission in "Envelope One - QUALIFICATIONS."

Form No. 3 - Bridge control System Integrator

4. SYSTEM COMMISSIONING ADMINISTRATOR

System Commissioning Administrator: Movable bridge commissioning experience is defined as follows:

Responsible for coordinating and managing start-up and commissioning activities for movable bridge operating systems during a major rehabilitation or new bridge construction.

Each bidder must provide with their bid a certification that their Systems Commissioning Administrator which will be assigned to this project will:

- i. Have a minimum of ten (10) years of experience in the commissioning of a minimum of two (2) tower driven vertical lift bridges, or one (1) tower driven vertical lift bridge and one (1) span driven vertical lift bridge, or one (1) tower driven vertical lift bridge and a two (2) leaf bascule bridge all with electronic drives in the past fifteen (15) years similar in type and configuration to that required for this project. Experience must include commissioning of bridge electrical power distribution systems, bridge control system and bridge mechanical drive system.
- ii. Be fully responsible for scheduling, coordination and supervision of the commissioning activities during construction, acceptance, and post-acceptance stages.
- iii. Be fully dedicated to the project and on-site for the entire duration of the construction work.
- iv. The Movable Bridge Construction Specialist or the Bridge Control System Integrator may serve as the System Commissioning Administrator, if qualified.

Bidders must complete the form included herein or a facsimile, that includes all the information contained therein. These forms must be included as part of the bid submission in "Envelope One - QUALIFICATIONS."

Form No 4 - System Commissioning Administrator

5. HEAVY MACHINERY SPECIALIST

Each bidder must provide a Heavy Machinery Specialist. The Heavy Machinery Specialist will be the contractor's sole representative for the integration of the mechanical systems. The specialist will be on-site and responsible for removal of the existing main drive machinery and main drive motors. The specialist will be on-site and responsible for the delivery, installation, alignment, field testing and commissioning of the new drive system machinery and motors. Each bidder must provide with their bid a certification that their Heavy Machinery Specialist which will be assigned to the project will:

- i. Have a minimum of ten (10) years experience in the installation and adjustment of heavy machinery in the past fifteen (15) years.
- ii. Have experience in at least four (4) movable bridge machinery jobs. Experience must include performing installation, shimming and alignment of machinery.
- iii. Have at least two (2) jobs related to the main drive system of a movable bridge and one (1) job must be related to the main drive system of a tower driven vertical lift bridge. Experience must include directing and performing installation, shimming and alignment of motors, brakes and gearboxes.

Form No 5 - Bidder's Heavy Machinery Specialist

Bidders must complete the form included herein or a facsimile, that includes all the information contained therein. These forms must be included as part of the bid submission in "Envelope One - QUALIFICATIONS."

6. HEAVY MACHINERY MECHANICS

Each bidder must provide on-site two (2) Lead Heavy Machinery Mechanics for the removal, installation, alignment, field testing and commissioning of the mechanical systems. The Lead Mechanics must be thoroughly familiar with the requirements and methods required for the proper execution of the work. Each bidder must provide with their bid a certification that their Lead Mechanics which will be assigned to this project will:

- i. Have a minimum of five (5) years experience in the installation and adjustment of heavy industrial machinery in the past ten (10) years.
- ii. Have experience in at least two (2) movable bridge machinery jobs. Experience must include performing installation, shimming and alignment of machinery.
- iii. Have at least one (1) job related to the main drive system of a movable bridge and Experience must include directing and performing installation, shimming and alignment of motors, brakes and gearboxes.

Form No 6 - Bidder's Heavy Machinery Mechanics

Bidders must complete the form included herein or a facsimile, that includes all the information contained therein. These forms must be included as part of the bid submission in "Envelope One - QUALIFICATIONS."

7. HEAVY MACHINERY MANUFACTURERES

Products used for this project must be fabricated by manufacturers regularly engaged in the manufacture of the specified products. Each bidder must provide with their bid a certification that the manufacturer which will be assigned to the project will:

- i. Have a minimum of ten (10) years experience in the fabrication of similar materials for similar applications. Experience must include equipment of equivalent size for heavy industrial applications.
- i. Gearbox, brake, coupling and motor manufacturers must have supplied equipment of equivalent size foe at least six (6) movable bridge applications.
- ii. Weldment and shaft manufacturers must have supplied materials of equivalent size for at least eight (8) heavy industrial applications.

Form No 7 - Bidder's Heavy Machinery Manufacturers

Bidders must complete the from included herein or a facsimile, that includes all the information contained therein. These forms must be included as part of the bid submission in "Envelope One - QUALIFICATIONS

General

For each position, submit documentation of previous experience for verification and approval. Include a brief description of each project, the owner and contact person's name and current phone number for each project listed.

Any Bid that fails to submit the required information or fails to meet any of the mandatory qualifications above shall be declared non-compliant and shall receive no further consideration. "Envelope Two - PRICE", shall be returned unopened, for any bid declared non-compliant.
