Please find Addendum No. 1 attached.

All other terms and conditions remain unchanged.

**The following changes/clarifications in the tender documents are effective immediately.
This addendum will form part of the contract documents.**

Special Instructions to Bidders

Q1) In lieu of Triple Twist Mesh as specified, is an alternative product acceptable?

A1) Solely, in the interest of aesthetics, the mesh to be installed shall be 3.00 mm, hexagonal 80 x 100 mm and shall meet all other engineering properties as stipulated in Section 31 33 26.

Q2) Is there any existing photo of the site?

A2) a): Top of the cliff & b): Rock face

Photo (a)

Photo (b)

Q3) Do the existing installed anchors have all support cables attached and has the department representative already signed off the existing anchors?

A3) see photo c. All existing anchors are to be re-inspected by The Contractor. The Contractor shall verify correct anchor type and anchorage depth (from as-builds) and the orientation of existing main and secondary anchors as well as the cable system prior to hanging the rock mesh (through visual observation or otherwise). The Contractor shall notify and demonstrate to the Departmental Representative, any observed deficiencies with the anchorage system. No extra payment for verification testing.

Photo (c)

Q4) Is the scaling hours crew or man hours?

A4) 80 hours indicated relates to Man hours.

Q5) If the weather impacts the installation, will the remaining work be postponed until next spring?

A5) It is strongly desired to complete the job as soon as possible and certainly no later than March 20th 2014. In the event of extreme conditions resulting in safety concerns an extension will be considered.

Q6) Is there other works taking place on or near the site?

A6) No major work is planned in the vicinity of the project.
