Amendment 001 is raised to answer the following question and incorporate the following changes:

Question 1: After reviewing the tender document I am requesting a clarification. Please refer to page 8 of 27 Part 4 paragraph 1.1.1 " Any bid received without at least one certificate per journeyman and apprentice per trade will be considered non-responsive ." Some of the trades we have we only have journeymen at the present and do not have apprentices . According to this document you are looking for apprentice cards for the trade as well and if the apprentice cards are not submitted our bid will be deemed non-responsive . That to me does not make sense as you do not hire apprentices unless there is employment for them . Please clarify this for me .

Answer to Question 1: Apprenticeship card and or Certificate per trade will be required for the following trades ONLY;

1. Plumber
2. Electrician
