-
1. This Solicitation Amendment 001 is raised to:
 - a. provide answers to questions on this procurement; and
 - b. extend the closing date from 02:00 pm on 16 September 2013 to 02:00 pm on 20 September 2013 Eastern Daylight Standard Time.
 2. The following are answers provided in response to questions posed by potential bidders:
 - Q1. For configuration D, I can build the truck with the proper distribution of weight without a lift axle but the truck can not be driven on public roads at full load according to the standards of Ontario.
 - A1. This is acceptable. The truck will be used around the Base.
 - Q2. On Item # 5, Configuration E, (Triaxle)
Do the Ontario (SPIF) Regulations apply to this unit or any other unit (as they will be used primarily on base)?
 - A2. The trucks will be used on military bases and this configuration does not need to be SPIF / Ontario Highway Traffic Act compliant.
 - Q3. On Item # 5, Configuration E, (Triaxle)
The horse power of 455 creates some packaging and radiator problems. We can exceed all the criteria set out in that configuration if it can be set at 450 hp (the torque is the same).
 - A3. This is acceptable. Paragraph 1.3 - Table 5 - Configuration E is amended as follows:
delete 455 hp minimum requirement and insert 450 hp.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
