**This solicitation amendment number five (005) is issued to answer two additional questions received during the solicitation process.**

**Q & A's for Fifth Bridge Consulting and Construction Supervision  
Solicitation #5P423-13-6467**

Q: We interpret from the RFP document that the topographic survey and design coordinates do not have to be geodetic. Is this interpretation correct?

A: For the topographic survey and design coordinates, the Consultant has to establish permanent local survey Bench Marks (BM) at the bridge site and carry-out survey. The survey points and design coordinates are to be in Easting, Northing and Elevations in meter.

Q: Can a bid be submitted by any other means other than Canada Post?

A: Yes, you can also submit your bid through a courier service.

For courier service, please address your package to Margot Simpson, Contracts Officer, 607 Connaught Drive, Jasper National Park, AB, T0E 1E0. Please ensure the solicitation name and number are on the front of the envelope.

**Please note that as of 2:00 pm on Friday September 13, 2013 all questions pertaining to this tender are closed.**

**All other Terms and Conditions remain unchanged**
