Amendment 2 Bear Proof Bins

This amendment was raised to answer questions from a prospective bidder.

1. Can the 40 gallon drums be plastic or metal?
2. Can the drums be new or used (used being cleaned and free of holes and major damage)?
3. For the delivery, is it a drop shipment (dock to dock with forklift) or does it need to be delivered, unpackaged and placed in various locations?
4. Does the service/access door on the garbage bin need to be in back or can it be in the front of the unit?
5. Are there specific packaging requirements or restrictions that are needed for the bins?

Answers

1. Either is fine.
2. Must be New
3. Drop Shipment
4. Either is fine
5. Have the Potential Bidder clarify question and ask what is meant by restrictions.

Question 5 clarification:

Just wondering what the preferred way the bins are expected to come... ie. On a skid or not... does it matter if shipped standing or laying down so they can be stacked - that sort of thing. Guess I'm just making sure we understand what the receiving end is capable of handling and our packaging fits with their capabilities.

Freight costs will depend on how they are being shipped and what services are required at the delivery end. Are there date and time restrictions... ie no receiving on Fridays after 2pm.

Answer

Bin must be on a skid and able to be stacked. It is also the contractors' responsibility to be able to offload. The delivery time are 7:30 am to 2:30 pm Monday to Friday and no deliveries Saturday, Sunday and Holidays.

All other terms and conditions of this Request For Proposal remain unchanged.
