Solicitation Amendment No. 02 is raised for Question and Answer Set 2.

1. Question and Answer set 2

Question 1:

Is the Financial Evaluation based upon the per diem rates (sum of Senior Engineer-Naval Architect and Senior Technician-Marine Engineer) for the initial period ONLY?

Answer 1:

The financial evaluation at page 12 of 41 is based upon the per diem rate, initial period & option period 1, for both positions multiplied by each respective level of effort. The per diem rate for both positions is located at: pricing schedule - Base of Payment in Annex "B" at page 36 of 41. The level of effort for both positions are located at page 32 of 41 - Annex "A" article 6.1 Estimated Level of Effort.

Question 2:

Mandatory Item M.1 for the Senior Engineer-Naval Architect provides three (3) methods by which to qualify as an engineer and this is fully understood and most acceptable. However, item M.3 then limits that criteria to having a University Degree in Naval Architecture. It is requested that this item be broadened in scope in order to permit an equivalent criteria for experienced candidates to be nominated (Example: "A university degree in Naval Architecture OR have a Naval Architecture Diploma from a recognized College, be a Professional Engineer (P. Eng) and possess 15 years naval architect experience.) In the alternative, it is recommended that M.3 be removed.

Answer 2:

Mandatory Item M.3 is a client criteria that reflects the level of education required in order for the resource to complete the scope of work.

The position requires the services of a Senior Engineer Naval Architect with a University Degree from a recognized institution in naval architecture, PWGSC will not permit equivalent criteria for M.3.
