<b>Signature</b>		<b>Date</b>

This amendment is raised to address the following:

- To respond to questions received during the solicitation period; and
- To revise the solicitation accordingly, as applicable.

## **QUESTIONS AND ANSWERS**

Question 1: Considering that in the Amendment 001, items 1 & 6, the Financial Presentation Sheet is deleted, would you please confirm if there needs to be submission of a Financial Bid in a different format; or at this stage RCMP is not expecting the presentation of the fees by the Proponent.

Answer 1: Yes, a financial bid must be submitted as part of the entire bid prior to bid closing. Bidders may insert the firm price at Part 7, article 7.1, or use any template for the financial bid.

Question 2: Reference to the Bid Presentation Instructions, Part 3 on page 5, and subsequently on page 8, Part 5 – Certifications, items 1.1, 1.1.1 and 1.2. The RFP requests for One Hard Copy of Bidders certifications. Would you please clarify what mandatory certifications needs to be included in the RFP response document/bid?

Answer 2: All certifications listed at Part 5 are required precedent to contract award. Bidders may submit the certifications with their bid.

Question 3: Based on Section 1.2 in Part 6, would you please confirm if Bidders need to obtain and present the required security clearances (as required in Part 7, item 3) after the award of contract?

Answer 3: Security clearances are obtained before award of a contract shortly after selection of the successful bidder.

Question 4: Can you please provide the current 2005 Campus Master Plan document? This will assist in developing our proposal and guiding scope of work. If not available, please provide the table of contents.

Answer 4: The table of contents of the 2005 Campus Master Plan is attached, however it is only available in English.

Question 5: Can you expand further on the overall scope of work requested for this RFP?

Answer 5: Unfortunately, we cannot provide additional information on the scope of the work.

Question 6: Please clarify the role of the environmental professional (their specific scope).

Answer 6: The Environmental Professional will conduct a Strategic Environmental Assessment. To do this, this resource will need to review existing environmental assessment documentation and consider the new Campus Master Plan with respect to its anticipated impact on flora and fauna at TPOF. This step will likely require an update of the inventory of flora and fauna in the zones to be impacted by development.

## **SOLICITATION REVISIONS**

None

# TABLE OF CONTENTS

<b>EXECUTIVE SUMMARY</b>	<b>i</b>
