Amendment 002

Amendment 002 has been raised to incorporate Addendum No. 2.

- Please view attached.

All other terms and conditions remain unchanged.

ADDENDUM No. 2

BUILDING ENVELOPE REMEDIATION
Project No. R.060702.001

The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents.

1.0 CHANGES AND CLARIFICATIONS

SPECIFICATIONS

1.1 Not applicable.

DRAWINGS

1.2 Not applicable.

2.0 RESPONSE TO CONTRACTOR QUERIES:

Q #1: We request a 16 week completion period for the work.

A #1: Refer to Addendum #1, Item 1.2.

Q #2: we also request a two week extension to the closing given the delays.

A #2: Refer to Addendum #1 for closing date extension.

Q #3: We request that the specification be confirmed that you do indeed require a full enclosure to abate the lead paint from all surfaces.

A #3: Refer to Addendum #1, Item 2.A#4.

Q #4: As you are requesting complete paint removal from all surfaces we need to know the coating thickness of each substrate as this will affect the speed of removal. In some cases it may be extremely difficult to remove 100% of all coating, please allow for a realistic spec in this regard.

A #4: Refer to 2.A#1 above. Contractor to bid as specified. Refer to Addendum 1, Item 1.3.

Q #5: We request an alternate specification be approved for walnut shell blasting as a means to remove existing lead paint.

A #5: Contractor to determine method of lead paint removal in accordance with specified work schedule, applicable Provincial and Municipal environmental regulations and Occupational Safety and Health Regulations.

Q #6: We request a unit price for wall and wood repairs along with glazing repairs as it is currently impossible to determine what requires repair.

A #6: The work in question is not quantified and the contractor is not to provide for any cost in their bid for this work. Should any repair work subsequently be decided to be completed, it will be facilitated by Change Order.

END OF ADDENDUM No. 2
