**This Amendment No. 001 is raised to answer questions for Request for Proposal No. 01581-140117/A:**

**Q1:** Are they looking for a rough terrain forklift? Something for the outdoors as well as indoors?

**A1** Yes to both .

**Q2** We have rough terrain forklifts in 2 wheel and 4 wheel drive units.

**A2** 2 would be fine.

**Q3** Being Agriculture & Agri-food Canada, would they need the larger turf style tires?

**A3** No we do not need turf tires.

**Q4** We specifically have a Agri lifter forklift units which are light and a variety of tires. The second unit I would recommend would be our Laborer which is a little smaller, comes in 6,000 8,000 lbs. It has the power of the big machines in a compact design, making it a great machine for those smaller, tighter, manoeuvring areas.

**A4** Compact would be a plus for us.

**Q5** Class 11 with integral Side Shifter;

The unit will not allow this carriage due to the fact it is De- rated. All forklifts up to and including 5000Lbs have a Class 11 Carriage/Side Shifter once you go passed this weight class you require a Class 111 carriage /Side Shifter , you are asking for a 5500lb unit so due to the De-Rate we have to Quote a 6000lb unit to give up the 5500 lb lift (using the side Shifter option) this does not change the unit at all other than give you a stronger and a little larger Carriage /side Shifter

**A5** That is fine.

**All other Terms and Conditions remain the same.**
