The following clarifications are being provided in response to questions received:

Q1. In SRE 3, sections 3.2.4 and 3.2.5, when submitting the maximum of two c.v.'s for Proponent's personnel, are you requesting c.v.'s for Architectural personnel only?

A1. This is for Architectural personnel only.

Q2. If the previous question is limited to Architectural personnel only, please confirm that we do NOT need to identify our sub-consultant team (i.e., disciplines, firms, personnel), as there does not seem to be a stated requirement in the SRE section.

A2. There is no need to identify sub-consultants.

Q3. In SRE 3, what is the difference between 3.2.1.2(i) and 3.2.2.2(e)? Both seem to be asking the same thing (i.e., Quality Management methods).

A3. In 3.2.1.2(i) we are looking at how the firm approaches Quality Management and in 3.2.2.2(e) is how Quality Management is executed by the firm's project teams.

Q4. In reference to section SRE 3, 3.2.3 (1) Past Experience, can you clarify if it is a Mandatory Requirement that Proponents have "at least" 7 years experience. Section 3.2.3(2) states that Proponent should provide a description of three projects completed and undertaken within the last seven years for which we have, but our practice was established in 2009.

A4. We are asking for them to demonstrate "...that over at least the past seven years..." They have participated in a range of projects requiring a full scope of services ....

We are not asking for them to demonstrate that they have been in business for at least seven years.

Q5. GI 1.1 of the RFP states that "Public Works and Government Services Canada (PWGSC) is inviting Architectural consulting firms with a team of sub-consultants which may include cost specialists, mechanical, electrical, structural and civil engineering expertise to submit proposals for Standing Offers." However, as the term "Proponent" is defined by section GI 20, there does not appear to be any section in the proposal submission that allows an Architectural firm to list its sub-consultants and their qualifications (ex: there is no table for engineering sub-disciplines to list hourly rates, and sections 3.2.4. & 3.2.5 refer only to proponent's "in-house" personnel). Can you please indicate how the sub-consultant disciplines listed above are to be included in the submission?

A5. This is for Architectural personnel only. There is no need to identify sub-consultants.
