AMENDMENT 1

This amendment is issued in response to the following questions:

#1.

Question: Would we have access to the loading dock?

Answer: Yes, we have access to the loading dock on Lower Water Street.

#2

Question: What is the maximum size truck that we could use?

Answer: A 53' tractor trailer can fit (some drivers with a 53' trailer have commented that it's difficult to park).

#3

Question: How much lead time do we need to book it and to make sure that the area is clear around it?

Answer: 3 days' notice is preferable. The loading bay is kept clear.

#4

Question: Are there any drawings of the unit outlining the specs for the lifting device as well as the overall appearance of the unit? Photos would also be helpful.

Answer: Please see Attachment 1.

All other terms and conditions remain unchanged.

NOTES:

1. Drawing is issued to establish design intent and is intended for references purposes only.
2. Tables to have the following:
 - Ultra quiet motors that adjust at 1.5" per second (min.).
 - Lift capacity of 400lbs (min.) evenly distributed.
 - Electronically controlled motors built into each leg assembly.
 - Built in limit switches to stop motors at top and bottom of adjustment range.
 - Soft stop motors to eliminate abrupt stops and starts.
