Description of the requirement:

The objective of this RFP is to obtain up to three (3) ERP Functional Analysts, Level 3 to review, assess, coordinate, integrate and establish a viable means of implementing past Integrated Financial and Material System (IFMS) development releases for the Plant Maintenance (PM), Material Management (MM) and Asset Accounting (AA) modules in close cooperation with the Framework for Integrated Resource Management Systems (FIRMS) Team, Material and Asset Management Division (MAMD) and Aboriginal Affairs and Northern Development (AANDC) and subsequently the configuration and implementation of the transports for the SAP relevant module(s).

Health Canada recently centralized all of its procurement and asset management offices from across Canada into two hubs, one in Winnipeg and the other in Ottawa managed by MAMD. These two hubs now provide services to all HC and Public Health Agency of Canada (PHAC) cost centre managers. In February 2013, MAMD released its new Procurement Service Delivery Model and its supporting technology, SAP P2P.

Proposed period of contract:

The proposed period of contract shall be from date of contract award to September 30th 2014 and one (1) option period of one year.
