

**Q & Rs #1**

**Date:** Le 21 octobre 2013

**Project:** Modernisation de deux toilettes (Phase I)

---

Les soumissionnaires doivent s'assurer que leurs propositions soient basées sur la version la plus récente des documents de soumission publiés et prennent en considération les informations ci-dessous, incluant toute information déjà publiée lors d'amendements ou Q&Rs antérieurs.

Les propositions ne respectant pas cette exigence seront rejetées.

À noter : Dans le but de respecter l'intégrité des questions qu'AAC a reçu des soumissionnaires, vous trouverez les questions dans la langue de choix du soumissionnaire.

---

1. **Question:** Is the General Contractor responsible for removal and disposal of existing flooring materials in the vestibule and main washroom areas?

**Answer:** Yes, the General Contractor is responsible for the removal and disposal of all flooring materials whether ceramic, vinyl floor tiles or carpet in preparation for new floor coverings.

2. **Question:** What is the approximate height of the concrete block wall to be removed and relocated?

**Answer:** The height of the block wall to be removed and the new wall to be constructed is approximately (11'-6") (3.51 Metres) high. The (11'-6") (3.51 Metres) is from the floor to the underside of the second floor structure.

3. **Question:** What is the location and elevation of the Barrier Free Access sink in each washroom?

**Answer:** Refer to drawing A201 of plan set, Mens A South and Womens B North each showing three (3) sinks per washroom, one sink of the three (3) in each washroom is Barrier Free and elevation as per drawing dimensions.
