This solicitation Amendment 005 is raised to:

1. Provide responses to questions submitted; and
2. Correct the English response provided to Q15 b).

-----  
**1. QUESTIONS AND ANSWERS – SET #5**

**Q17. Reference: Annex D, Gate Test**

We found out that we did the gate test with code 20131001, and will have to redo it with 20131009 as stated in amendment 001 from the file hpc\_itq\_a001\_2b0kb-123816-b\_eng.pdf

The problem is when we go on the code download page, there is 2 entries for 20131009, entry #4 and #5

Our question is which one should we use? It looks like there is a typo in item #5 and should most likely be written as 20131018, but we just want to make sure about which code item we should use.

**A17.** There was a typo in the title of item #5 on the web page. It has been corrected to indicate "20131018".

-----  
2. Correction to response provided to Q15 b):

The English response provided in A004 for Q15 b) incorrectly read:

"b) As per Annex D, the baseline for comparison is mean deviation."

The correct response is as follows:

"b) As per Annex D, the baseline for comparison is mean value."

The French response was correct and remains unchanged.

**All other terms and conditions remain unchanged**
