QUESTIONS & ANSWERS #1

THE FOLLOWING QUESTIONS HAVE BEEN ASKED BY POTENTIAL BIDDERS. FOR YOUR INFORMATION, BELOW ARE THE QUESTIONS AND ANSWERS:

Q#1) There is no picket fencing existing between the existing gates on Sackville Street and the intersection of Bell Road & Sackville Streets. Only steel posts and chain currently exists in this area. Is the intent to remove the steel posts and chain in this area and replace with new picket fencing ?

A#1) Yes, it is intended that the section of post and chain will be removed and replaced with new picket fencing by the successful bidder.

Q#2) Please specify appropriate frame and grate for 2 new catch basins. The R41 identified in the drawings does not exist.

A#2) There are no new catch basin frame and grates required at the present time. Only two salvaged curb inlet types on rebuilt catch basins and the adjustment of all other existing manhole and catch basin covers to suit final grades.

The R41 reference may be disregarded.
