Giant Mine Project

Project Name: Air Monitoring Program, Giant Mine, Yellowknife, NT

Date: Friday, October 25, 2013

To All Bidders:

The following changes, additions, and/or deletions are hereby made a part of the Solicitation Documents.

The addendum will form part of the Contract Documents.

1. Responses to RFI's:

Q: 1. Will being successful on the Air Monitoring contract create the potential for a conflict of interest with other opportunities.

A: 1. The Air Monitoring contract resulting from this RFP will create a Conflict of Interest with most other PWGSC contracts and contracts issued by the MCM for remediation works on site. The known exceptions to this include the Interim Ambient Air Monitoring contract currently in place and Environmental Monitoring Program RFP planned for 2014. A revised Procurement Outlook document will be posted shortly to update the Conflict of Interest and Unfair Advantage Matrix.
