AMENDMENT 007**Fixed-Wing Search and Rescue Aircraft Replacement (FWSAR) Project - Release of Technical Airworthiness Authority (TAA) Advisory on Performance Based Navigation****INTRODUCTION**

The purpose of this amendment (**007**) is to inform industry that Canada's Technical Airworthiness Authority (TAA) has promulgated Advisory 2012-002-v2 titled: **Performance Based Navigation (PBN) - Required Navigation Performance (RNP)** dated 17 October 2013.

Not requesting or receiving a copy of the TAA Advisory 2012-002 will not exclude any interested supplier from responding to the formal solicitation.

BACKGROUND

The FWSAR Requirement Specification (RS) mandates that the FWSAR Aircraft must be compliant with some PBN requirements. Compliance with these PBN requirements will have to be certified by the TAA during the course of the FWSAR Contract, which in turn will require compliance with TAA Advisory 2012-002. Furthermore, the contents of this Advisory may be discussed during the training session on the (DND) Airworthiness Program advertised at Amendment 004, published on 23 September 2013.

DOCUMENT REQUEST

Companies interested in obtaining a copy of TAA Advisory 2012-002-v2 can make the request to the FWSAR Secretariat using the following e-mail address: ARSVF.FWSAR@tpsgc-pwgsc.gc.ca. Note that Version 2 of this document is currently only available in the English language and is not yet accessible on the internet.
