

PART 1 - General

- 1.1 Description .1 This section specifies requirements for demolishing and removing wholly or in part various items designated to be removed or partially removed.
- .2 Demolition and removal will consist of, but not necessarily be limited to, the following:
- .1 Removal of existing timber ladders, steel guide rail and fender piles in the area of work. These items are to be turned over to the Black River Harbour Authority.
  - .2 Removal and disposal of timber guard and electrical items.
  - .3 Removal and reinstallation of the existing timber gallows and floating wharf.
  - .4 Removal, modifications and reinstallation of the existing steel ladders.
- 1.2 Protection .1 Protect existing objects designated to remain. In event of damage, immediately replace or make repairs to approval of and at no additional cost to Canada.
- .2 Remove all floating debris from water on a routine and timely basis.
- 1.3 Measurement For Payment .1 Removal and disposal of all items required for the progress of the work will be measured by the lump sum. Storage and reinstallation of designated items to be included in the lump sum price.

PART 3 - Execution

- 3.1 Execution .1 Inspect site and verify with Departmental Representative objects designated for removal.
- .2 Locate and protect utility lines. Preserve in operating condition active utilities traversing site.
- 3.2 Removal .1 Remove in their entirety all materials and objects specified for removal.
- .2 Do not disturb adjacent work designated to remain in place.
- 3.3 Disposal Of Material .1 All demolished materials, except materials designated to be reused or turned over to the Black River Harbour Authority, will become property of Contractor and will be removed from site and disposed of to satisfaction of Departmental Representative and in accordance with environmental guidelines. It is the sole responsibility of the Contractor to dispose of all demolished materials at an approved disposal site. Ensure that disposal site is approved and willing to accommodate any materials disposed of from work site.
- .2 Contractor shall obtain and pay for all necessary permits and disposal fees for use of an approved waste disposal site.
- 3.4 Restoration .1 Upon completion of work, remove debris, trim surfaces and leave work site in clean condition.
- .2 Reinstall areas and existing works outside areas of demolition to conditions that existed prior to commencement of work.
