## AMENDMENT 005

# REQUEST FOR PROPOSAL FOR REAL PROPERTY - 1 PROPERTY MANAGEMENT AND PROJECT DELIVERY SERVICES (RP-1)

## FOR PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

**THIS AMENDMENT HAS BEEN RAISED TO EFFECT THE FOLLOWING CHANGE:**

### **SECTION A: QUESTIONS AND ANSWERS**

#### **Q22:**

The original list of assets for each Resulting Contract does not provide any information regarding those assets that are currently under the operational management of the incumbent service provider, PWGSC internal resources or the other Custodial OGD internal resources.

Although some of this information can be inferred from the Building Management Reports contained in USB File 19E, could PWGSC please identify which assets at which site locations are outsourced to the Incumbent Service Provider, which assets/site locations are managed by PWGSC and/or the other Custodial OGDs?

#### **A22:**

As indicated in 13. of Section B, attached to this amendment are the revised Contract Asset Inventories. A column entitled Management Regime has been added to all Contract Asset Inventories indicating who is currently managing each asset. Please note that the revised Atlantic Contract Asset Inventory is not included at this time and will be provided at a future date.

In addition, the changes that have been made to the Contract Asset Inventories are indicated in the document as follows:

- Additions have been highlighted in yellow throughout the documents.
- Removals have been identified in red with strikethrough.
- Any notes to any inventory item are indicated in red text.

#### **Q23:**

Will PWGSC please provide proper geographic addresses and/or geographic coordinates for all Addresses listed with Postal Box designators or other non-specific locations provided? For reference, we have provided an excel file outlining these locations.

#### **A23:**

Where available, the proper geographic addresses and/or co-ordinates are provided in the revised Contract Asset Inventories that are referred to in Section B of this amendment 005.

#### **Q24:**

In relation to point rated criteria R-3, as part of the Bid Submission Requirements, PWGSC has asked Bidder to provide a description of various positions proposed for its organization including type, level, functions performed and typical qualifications. Could PWGSC please clarify their expectations around "Type" and "Level"?

#### **A24:**

The 'type' pertains to the role of the individual in the position, for example Property Manager or Building Systems Technician. The 'level' refers to the position of the individual within the organization, typically based on their qualifications and experience. Examples of levels are junior, intermediate, senior or their equivalents as described within the Contractor's organization, or as designated by the applicable technician, technology, or trades and professional governing bodies, e.g. Levels A to F for Canadian Professional Engineers.

**Q25:**

With respect to Attachment 2 of the Statement of Work: while PWGSC has provided a list of leased locations, can PWGSC please indicate those leased locations where the primary maintenance services such as HVAC, plumbing, electrical and basic carpentry, are provided by service provider rather than the landlord?

**A25:**

The service provider does not provide primary maintenance services in the leased locations indicated in Attachment 2 of the Statement of Work.
