QUESTIONS AND RESPONSES:

Question 22: Please confirm whether or not PWGSC (Canada) will be insuring the Government Conference Centre building during and to the completion of construction operations.

Response 22: Canada self-underwrites the property risk. Note, the successful bidder is still subject to the indemnification provisions in GC1.6.

Question 23: The Pollution policy requires a \$10,000,000. per accident or occurrence and in the annual aggregate. To comply with this, the General Aggregate has considerably driven up the insurance costs. Please consider lowering the General Aggregate.

Response: We will not be lowering the General Aggregate.

Question 24: In the Terms of Reference Section 4.5.17 Anticipated Shut Downs, the second sentence instructs Bidders to include 300 hours of stop Work per year for unforeseen Project shut downs. Please confirm if the 300 hours implies man-hours (e.g a 4 hour shutdown with 20 workers on site would equate to 80 hours) or if the 300 hours applies to anyone that happens to be working on the site during one of the shutdowns.

Response 24: 300 hours is the number of hours of unforeseen project shutdowns regardless of the number of workers on site. For example and in the context of this question an 8hour shut down would be 8 hours regardless if there was one worker or 50 workers on site during the shutdown.
