This amendment number two (02) is raised to respond to Bidder questions received and to amend the Statement of Work accordingly:

1. Under Statement of Work

3. Remove damaged and decayed fascia. Supply and install new fascia, species and profile to match existing. Paint all fascias (existing and new) to match existing prior to reinstallation of rain gutter system. Submit samples of fascia and paint to Parks Canada Representative for acceptance prior to installation.

Question:

It is not possible to determine the amount of damage/decay until the eavetrough has been removed. Are bidders to allow for enough material to replace all the fascia?

Answer:

Delete

3. Remove damaged and decayed fascia. Supply and install new fascia, species and profile to match existing. Paint all fascias (existing and new) to match existing prior to reinstallation of rain gutter system. Submit samples of fascia and paint to Parks Canada Representative for acceptance prior to installation.

Insert:

3. Remove all fascias. Supply and install new fascia, species and profile to match existing. Paint all fascias (existing and new) to match existing prior to reinstallation of rain gutter system. Submit samples of fascia and paint to Parks Canada Representative for acceptance prior to installation.

2. Under Statement of Work

10. Install shingles over open strapping, spaced 1/4" to 3/8". Stagger joints minimum of 1-1/2" in succeeding courses. Ensure that in any 3 courses no two joints are in alignment.

Question:

What is meant by "open" strapping? Please indicate if bidders are to install new strapping over the existing sheathing? If so, what size and spacing?

Answer:

Delete:

10. Install shingles over open strapping, spaced 1/4" to 3/8". Stagger joints minimum of 1-1/2" in succeeding courses. Ensure that in any 3 courses no two joints are in alignment.

Insert:

10. Install shingles over one ply 15lb. roofing paper on existing sheathing boards. Stagger shingle joints minimum of 1-1/2" in succeeding courses. Ensure that in any 3 courses no two joints are in alignment.
