Amendment No. 004 is being raised to provide questions and answers in regards to the requirement

Question 1:

We are preparing our submission to request for proposal no KM455-13-1300. On page 10, you refer to the 10 animation sequences. What is the output of those animations? How do you expect the 10 final animated files to be delivered? In a GIF format integrated in the PDF files?

Answer:

The animated files should be delivered as a separate file in animated GIF. This file will not be embedded within the document but will reside elsewhere on the EC website.

Question 2:

As far as all files to deliver. There are 2 main documents (500 page document in English and in French) and 6 versions according to 6 regions. Does that mean 12 final files to deliver (English and French for each region)? Will the animated GIF integrated in every file?

Answer:

There are a total of 12 publications (6 publications in English and 6 publication in French) the animated files will be "linked" to only one of the English and one of the French publications.
