This Tender Amendment No. Five (5) is raised to include the following Addendum No. Five (5).

The following Addendum to the tender is effective immediately. This addendum shall form part of the contract documents.

**All other terms and conditions remain the same.**

Addendum No. 5.

**QUESTIONS AND ANSWERS**

**Q1:** Can the wharf deck be removed this winter and the pile work and dimensional timber work be done this winter, leaving the top open until next Spring and do the concrete work then?

**A1:** We encourage the contractors to consider carrying out as much work as possible this fall and winter, i.e demolition, pile driving, timber work, so that the concrete beams/deck installation can be started in late winter and early spring, 2014. The contractor is responsible for snow removal to access the site during winter months.

**Q2:** On page 2 of 7 of the drawings, it says that the 4 drain units are supplied by the owner. Then on page 6 of 7 of the drawings it states that all drain components must be galvanized. Is this to be included in our price?

**A2:** The drainage units (leftover from a previous project) are already galvanized.
